

"The best is none too good for us."

The symbols on the seal stand for the name of our school—the acorn and oak leaves for Oak—the three small trees for Park—the wavy lines for the River—and the trees again for the Forest, representing Oak Park and River Forest High School.

The Senior Class Presents

The 1942 **TABULA**

*Oak Park
and River Forest*

Township High School, Oak Park, Illinois, Volume 48

We are proud of our school. It not only gives us the finest education possible, but it offers countless opportunities for development of outside interests. In this book we are attempting to show the three sides of student life which are developed at Oak Park. Naturally, the most important in a school is

Scholarship

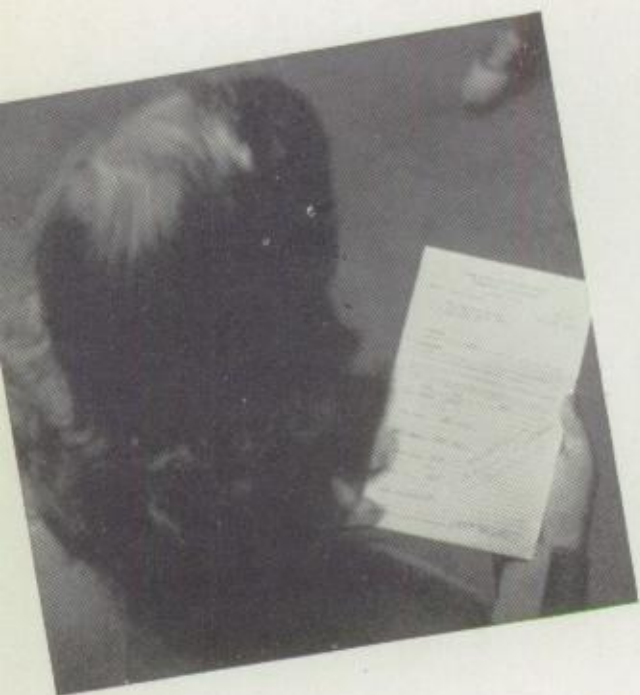

since that is the primary purpose of its existence. Boys and girls need to be educated today to carry the responsibilities that lie ahead of them. We study not to learn a page of facts but to learn to think. Every student can find a subject to suit him, whether it be Latin or auto mechanics. Along with our scholarship, our

Sportsmanship

is well known throughout this area. In our gym classes and in our after-school sports the ability to cooperate and to forget personal ambitions for the good of the team is developed. We admire good sportsmanship not only on the field, but in the bleachers. At all student gatherings

Fellowship

with others abounds. There is a club or activity at Oak Park offering each student a chance to develop his personality and interests. Wherever we go after we leave Oak Park, we will find fellowship important. The friends we make at clubs, dances, plays and conferences will increase the enjoyment we get out of high school.

We the Editors

Some of the editors take time out to go for a walk in front of the school.

dedicate this book to one of our newest deans. For three years he has been an adviser for the junior class. His understanding of student problems has made him a good friend of every junior boy.

As a member of the Chemistry Department and sponsor of Chemistry Club, he has made the field of science more interesting to all of his students.

Wherever we meet him, he is always cheerful and friendly. An outstanding member of the Oak Park faculty—we are happy to dedicate this Tabula to you,

Harold H. Metcalf

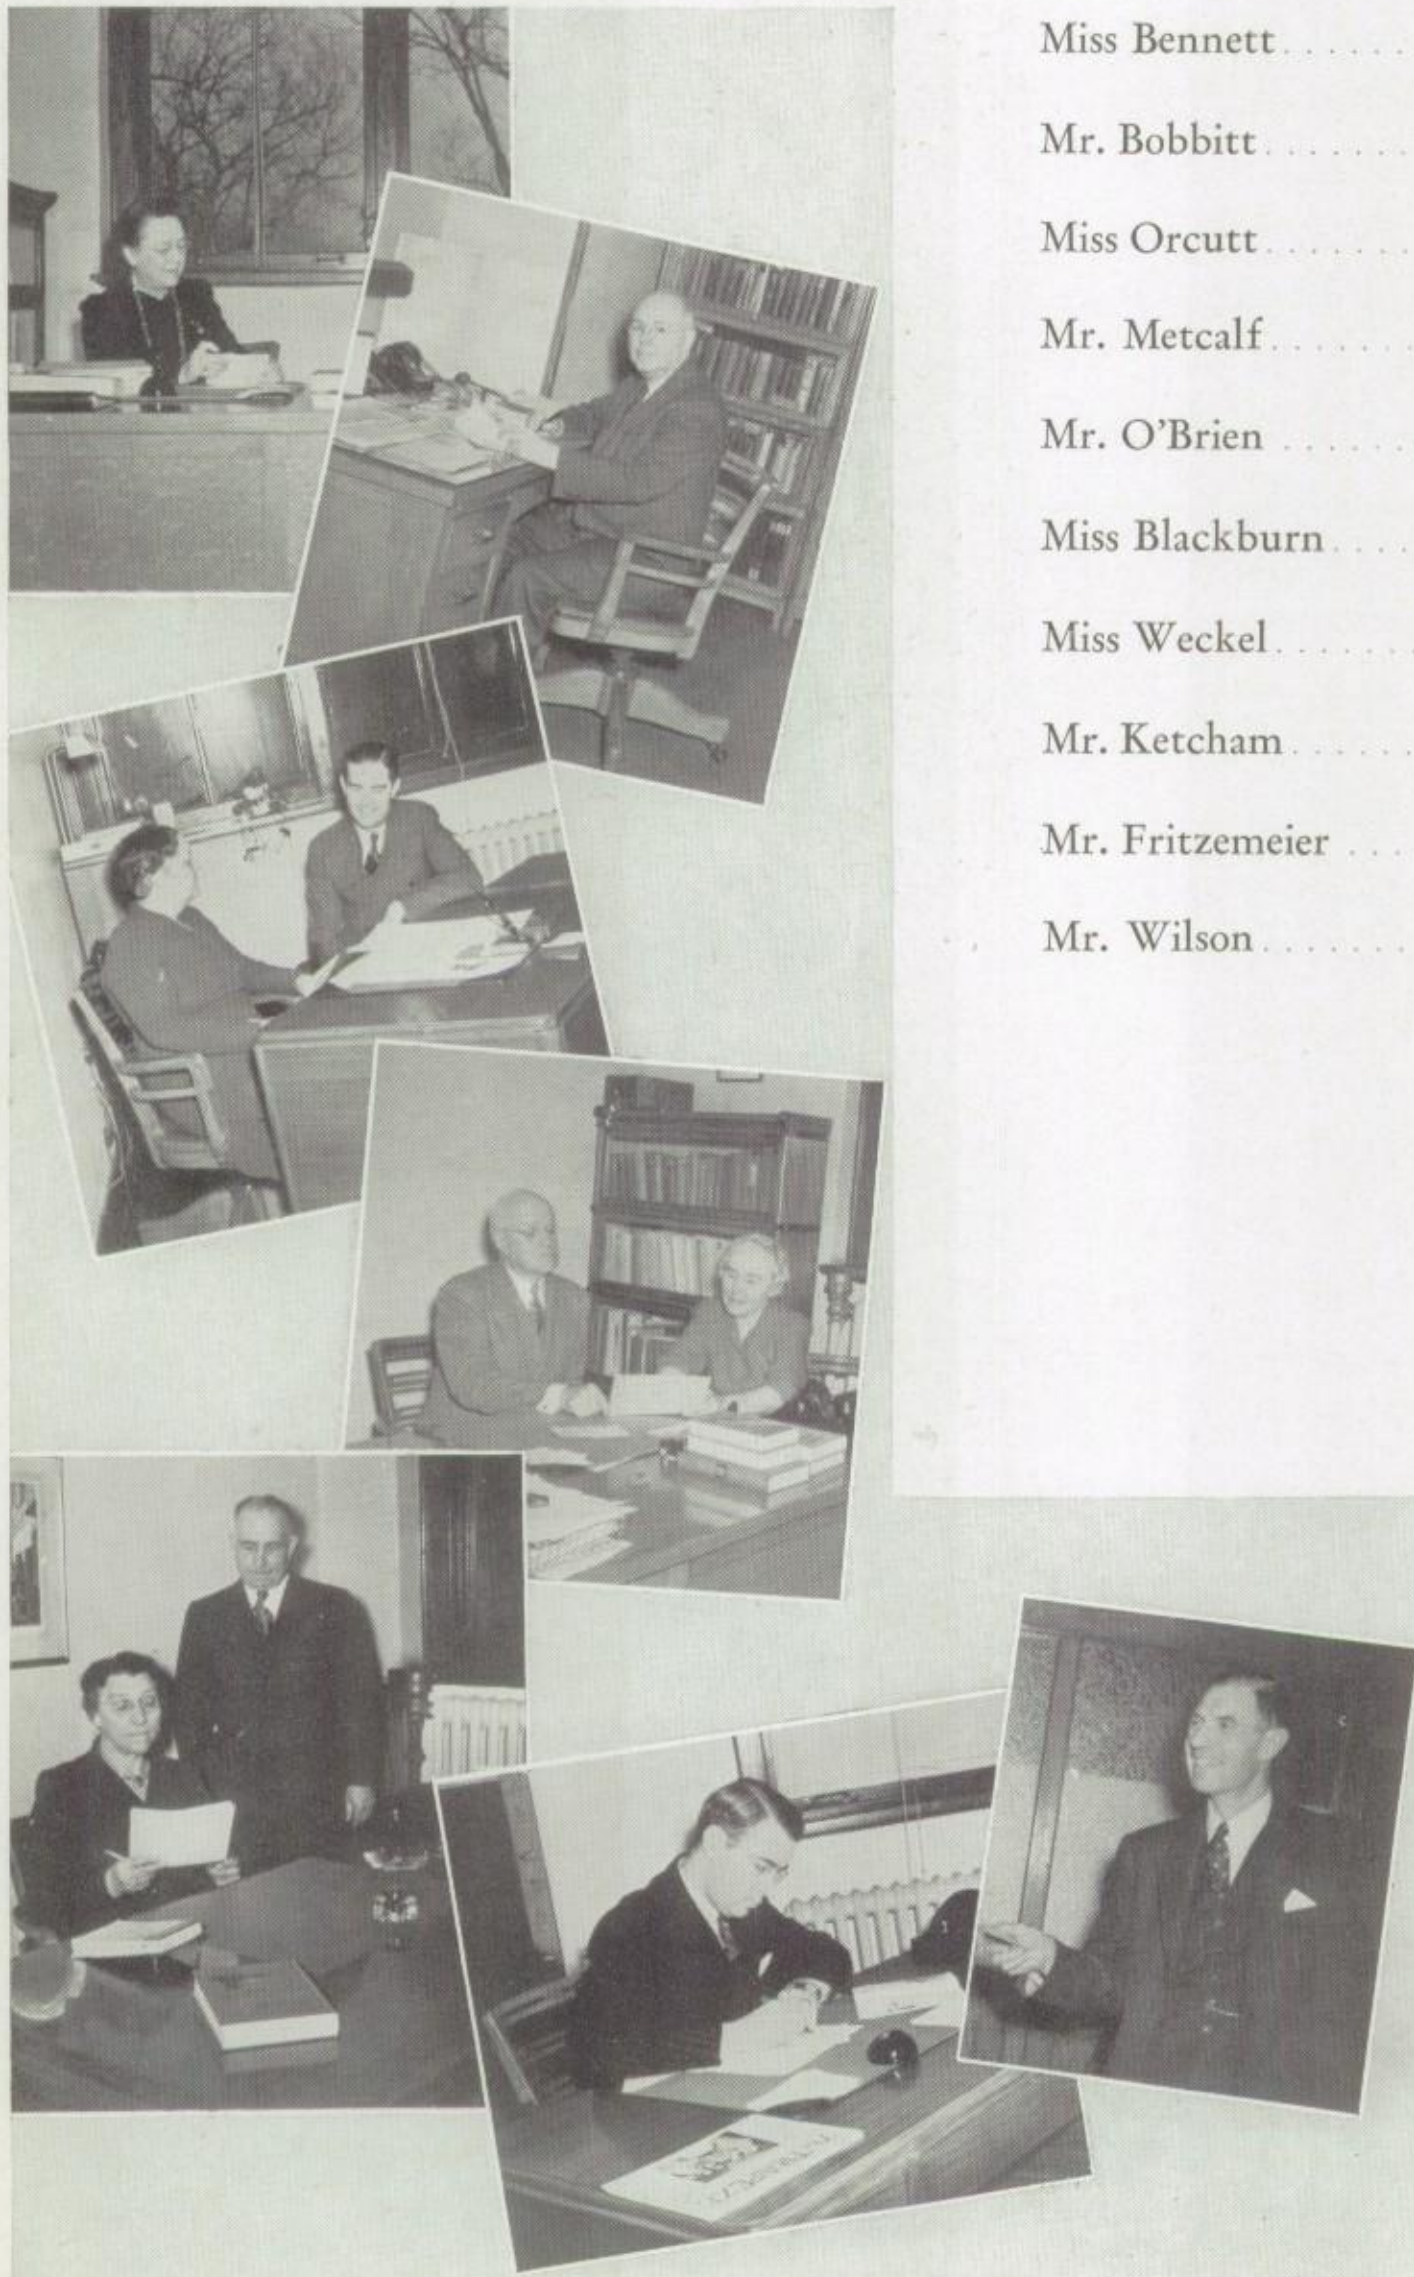

Through these doors last fall for the first time came

Eugene Youngert

our new superintendent, Dr. Eugene Youngert. His keenness as director makes the school run smoothly. His bits of Yankee humor, which he picked up in his years in Vermont, enliven our student assemblies. His friendly smile often greets us in the halls. We have met him in assemblies, club and committee meetings, and parties. His great interest in us and his understanding of our problems has made him a good friend to all of us. We salute you, Dr. Youngert, upon the completion of a very successful year.

Louis L. Ticktin

Mr. Louis L. Ticktin, Business Manager of Oak Park and River Forest High School, died on Friday, November 21, 1941.

For fourteen years Mr. Ticktin efficiently handled the finances of the high school and wrought many improvements in the buildings and grounds. His last big project was changing a little-used auditorium into a modern music department. His engineering skill enabled him to see its possibilities and to solve the difficult problems of its construction.

Though the students seldom saw him except at the athletic contests in which he was particularly interested, it was his careful management that kept our school running so smoothly.

Scholarship Cup

Back Row: Hirsch, Jacobson, Traznik, Behrle, Hoinko, Hoermann. Front Row: Farlinger, Flood, Constantine.

The highest scholastic honor in high school is the winning of the scholarship cup. This year the cup was won by Marjorie Flood. The class of '42 is unique in that nine members have an average above 94.

Other coveted niches in the Oak Park High School Hall of Fame belong to the Commencement Speakers, whose pictures appear on the opposite page, and the Class Day Speakers, whose names are listed below. This year a new honor was added, that of membership in the Color Guard. The boys, captains of major teams, are chosen by Mr. Youngert and Mr. Holmes and they raise the flag each morning before school.

Language Festival

Merry Christmas, Joyeux Noel, Buena Navidad, Froeliche Weihnachten! With these greetings the International Christmas Festival was opened on that memorable Sunday in December when international friendship seemed smashed. Christmas scenes in France, Mexico and pre-war Germany were presented in the native languages by the Modern Language departments. The deeply religious *Navidad en Mexico* was followed by the carefree merry-making of the Mexican peasants. The next scene was the midnight mass in the south of France, with soft candle light and traditional French carols sung by Gracia Himebach and Marilyn Corkle. Once again the scene shifted, this time to an old German home with its preparations for the holidays. In addition, the students of German accompanied by the young Swiss soprano, Andre Aerne, enacted the whole Christmas story. As a finale, all the players returned to the stage to join in Christmas greetings to the audience and to symbolize the joining of hands around the world.

Projection Staff

Operating in every period of every school day, the Projectionist Staff is one of the school's most active service groups. During the year over 1,500,000 feet of film valued at more than \$30,000 have been shown to more than 65,000 students.

The sound room is acknowledged to be the finest in this part of the country, being fully equipped with the best apparatus obtainable. While most projection is either sound or silent motion pictures, projectors are also available for microscope slides, opaque objects, and glass slides.

The director of Visual Education, Mr. Stewart, selects the staff, which now numbers twenty-one members. Because the boys must handle expensive equipment, they are chosen on the basis of reliability according to recommendations of their teachers. A candidate must undergo a period of intensive training and pass an examination on the operation and the care of the machines.

Photo Staff

Back Row: Witty, Moller, Sheaff, Simon. Front Row: Belofsky, Frost, Mr. Lane, Albrecht.

"Hold it!—Watch the birdie!—Thank you." These words indicate that a little man with a camera is taking pictures of anything and everything. A man and his camera can always be seen at dramatic productions, athletic events, and musical programs.

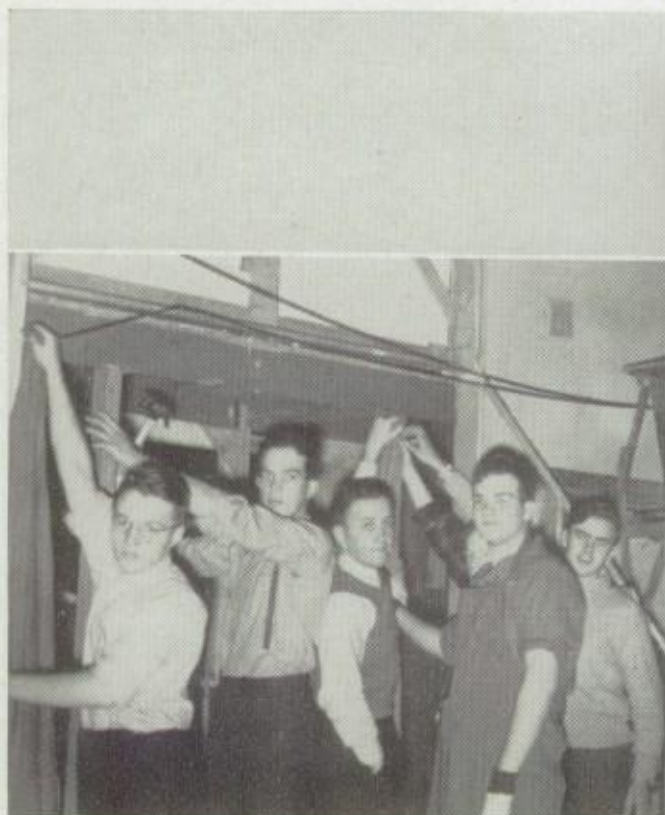

It's quite an honor to be a member of this staff because the requirements are so high. The boys are chosen from the Boys' Camera Club, and with Mr. Lane's approval, they are full fledged Photo Staff members.

The work of the Photo Staff is no snap. If you think so, try to get fifty wiggling, wagging club members in focus or to satisfy Miss Local America with a flattering shot of herself intended for the informal pages of *The Tabula*. When a flash bulb pops in your face, don't be annoyed; it's only a member of the Photo Staff carrying out his assignment.

The one requirement of the Stage Crew is brawn, and plenty of it! When the curtain comes up on a perfectly laid scene, the audience has Mr. May and his hefty haulers to thank. Between scenes, the stage is a madhouse, as the stage hands rush to and fro with walls in their arms. It is hard work, but the crew seems to enjoy dismantling a scene, and then building another one.

An absolute necessity to the Girls' Club Show and the Senior Class Play is the Lights Crew. The erie lighting in the Girls' Club Show that sent shivers up and down everyone's spine was due to the magnificent work of Mr. O'Brien and his crew. Although the boys are often among the ranks of the unsung, they are behind the scene on all dramatic productions.

Junior Council and Officers

True to the martial spirit of the times, the class of 1943 has shouldered responsibility at the command of its officers and the Junior Council, composed of forty-eight representatives.

Patriotic juniors did their part this year by supplying cookies to the men in service and conducting the Record Roundup to buy a phonograph for an army camp. Talented juniors served their class by appearing upon an assembly program, by serving upon the Junior Tabula staff, and by getting out the all-junior issue of *The Trapeze*.

Weeks of preparatory drill and the cooperative spirit of both privates and officers culminated in dress parade—the Junior Prom. Amid

palm trees and blue ocean, juniors played host for a night to seniors swaying to the strains of Jerry Mason's band and the Variety Boys.

Juniors have been on duty many hours a day. A familiar scene was room 228, where bent heads studied the blue American literature book, or memorized the dates of the French wars for modern history. Down the hall other students mastered the art of public speaking. Some reported to headquarters, room 113, either to present A.W.O.L. slips or to receive instructions.

Off duty moments for juniors included rides in the jalopy and 8:19 in the corridor by 232.

Now, juniors have completed a successful campaign and have halted to plan senior maneuvers.

Sophomores

Class of 1944

The sophomores, the inhabitants of the third floor, have had a busy year. The pictures on the opposite page show some of their activities.

Early in the fall Girls' Club was hostess to the sophomore girls. Among the many who attended were Barbara Rieger; Miss Blackburn, Dean of Sophomore Girls; Jean Pearson; Elaine Preucel; Marian Compton, President of Girls' Club; Merl Rowder; Frances White; Cynthia Larkin; Jane Fisher; and Martha White.

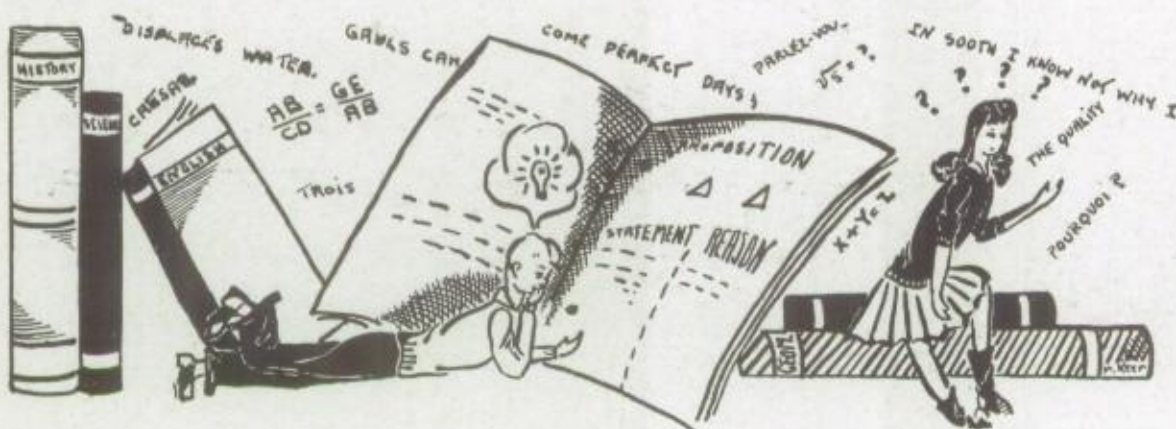

When Masqueraders, the sophomore drama club, was orienting itself in the fall, it elected for its president Jack Lucal, a young man known far and wide for his versatility. Not only has he distinguished himself by his activities at Oak Park; he has also become known all over the country as a Quiz Kid.

Have you seen those super paper-sculpture portraits on the senior pages yet? They were made possible through the combined efforts of a sophomore girl, Arleth Rogers, and the members of Miss Harrison's Art II class.

When Girls' Club organized its Red Cross branch to help in the war effort, the members of Arts and Crafts, a club composed of sophomore girls, quickly volunteered to help in any way needed. Since then, the girls have met every two weeks with Miss Harrison and Miss Hope to sew and knit.

One day in April the sophomores had an all-out cookie drive for the U.S.O., at which time over two hundred dozen cookies were collected.

April 24 was the Junior Prom. Although the sophomores are not allowed to attend, the honor students helped serve punch and check coats.

Boys' Athletics...

Football 1941

The Varsity football team again won the all important Suburban League Championship.

The school's pre-season expectation of the squad was far excelled by the team in action. Coached by Glen Holmes, one of the best coaches in the profession and under the excellent leadership of Captain Oberhelman, the team made an impressive record that will long be remembered in the history of Oak Park-River Forest football. They made a grand total of 226 points to their opponents' 24.

The backfield was tops, with Anderson and Nussbaumer there to carry the ball. With Coe, Crawford, Muller, Goodman, and Dawson in the line, the team had plenty of power to hold their opponents in check, and to make that all-important point after the touchdown.

Were you with the team, on the gridiron or in the bleachers? Do you remember the highlights of the games?

QUINCY, ILLINOIS

Quincy punted out to the 45-yard line. Here Red Kern, in a tail back, grabbed the ball and raced over the goal.

CRANE TECH

A lateral from Anderson to Nussbaumer and the first score of the game was completed. This was only a small thing compared to the other five touchdowns.

EAU CLAIRE, WISCONSIN

Norm Dawson, kicking for O.P.-R.F., booted the ball over Eau Claire's goal line. Harry Crawford, huskie right guard, fell on the ball in Eau Claire's end zone and the score mounted . . . 25-0.

WAUKEGAN

An 80-yard run on an intercepted pass by Bob Nussbaumer gave O.P.-R.F. its first touchdown.

EVANSTON

On a pass, Norm Dawson snatched the ball from the hands of the receiver and ran 50 yards for the first touchdown.

MORTON

Captain Oberhelman and Bob Nussbaumer collaborated to carry the ball 67 yards for the first touchdown.

NEW TRIER

Nuss passed from New Trier's 25-yard line to Dawson, who ran the ball over, apparently for a touchdown. The play was called back, and a penalty of 15 yards, inflicted. Too bad,—but we ran up a score of 13 to 0 anyway.

PROVISO

Three minutes after the opening kickoff, Captain Oberhelman scored the only touchdown.

McKINLEY HIGH, CANTON, OHIO

Dawson took a punt on McKinley's 45-yard line. Under the excellent blocking of Nussbaumer, Royer, and Crawford, he made the first touchdown of the game.

Our Suburban League Champions form the border around these pages. They are, beginning with the manager at the upper left:

Linquist, Mgr., Dawson, Irland, Dyer, Royer, Coe, Berger, Kern, Pszotka, Bellock, Crawford, Graziano, Levey, Link, Burnette, Oberhelman, Goodman, Mueller, Madsen, Ruenzel, Armstrong, Nussbaumer, Caruso, Robinson, Marwood, Grieshaber, Nendick, Boltz, Schoeller, Stresen-Reuter, Walker, Anderson.

Under the guidance of Coach Gocker, the Junior Varsity squad had a successful season. Their only defeats were dealt by East Aurora and Proviso.

With Burton, Mojonnier, Cann and Co-captain Manzelmann, the line held excellently against the powerful onslaughts of their opponents. The line gave great support to the backfield consisting of Benzuly, Preble, Steinholtz, Eberle, and Co-captain Fox. With this impressive line-up the team ran up 116 points to their opponents' meager 26.

The Soccer team got off to a bad start in September. It lost four out of five of the first games. It was a general weather forecast around school that when the Soccer team had a game it was going to rain. Because of the length of time between games and practice, the team had a hard time to keep its game up to standard. It was known that the Chicago schools would not be allowed to play any teams in state competition because of a previous infringement of State Board rules. Since the Chicago schools had al-

ways been our main source of competition, the team had a hard time to find opponents.

Under the excellent guidance of Coach Wood the team kept fighting and improving. The last six games were won with a total of Oak Park 12, opponents 0.

The defensive play of the team, consisting of Captain Cole, Reedy, and Kroeplin as halfbacks and Walsh and Jackson as fullbacks, was considered one of the best in the state.

This year's Varsity Basketball had one of the strongest teams of recent years. The team opened the season by defeating all opponents until the eventful night of the Proviso game. Since Proviso was in fourth place, the team went on the floor, confident of winning. When the game was over, the score was Oak Park-River Forest 34, Proviso 37. The Scottsman rebounded, after vacation, to beat Evanston, but then Morton stepped in and gave Oak Park-River Forest its second loss, which put the team in a second place tie with Evanston.

When the second semester rolled around Co-captain McNichols, Jim Mueller, Dick Anderson, and Harry Oberhelman were lost to the team by graduation. With such excellent players as Co-captain Schmidt, Steinholtz, Falls, Walker, Wiedow, and Rockoff the team played on successfully.

At the time of the final game, the team was tied with Morton for first place. Morton took the lead early in the game and came out on top. Our Varsity missed the Suburban League Championship by a score of 21 to 20.

Baseball

Coach Foster and Captain Schmidt have high expectations for the baseball team. At the beginning of the season, it shapes up well for diamond competition. Eight monogram winners have returned to fill at least seven of the regular positions.

Last year the team made an impressive record while finishing second to Morton in the Suburban League. It won nine games and

lost three. In the first games the Varsity nine swept its two-game series with Proviso by the score of 2-1 and 7-3. Highland Park was next on the list and fell before the Batmen by the score of 4-1 and 11-2. In a two-game series with Morton the team was defeated once 5-0 but rebounded in the second game to win 3-2. In the game that was to decide the district title Morton won 3-2.

For the first time in six years the Oak Park-River Forest swimming team won the Suburban League Crown. The team started off this season with a bang by defeating Maine by the score of 42 to 24. Co-captain Art Koblish was the spark of the team and came through to win the 200-yard free-style for the team in every meet. The only defeat of the season was a hard one, for Clinton, Ohio, won by two points. With the excellent advice of Coach Smith, the team under Co-captain Upsall won all meets during the second half of the season to win the Suburban Crown. This year's team had not only stars but also one of the best collections of swimmers the school has ever seen. Without the points supplied by Miller, Higgins, Lehr, Oldfield, Smillie, Huntington, Bodine, Kilmer, Carey and Gunderson the team would not have won the championship.

Track

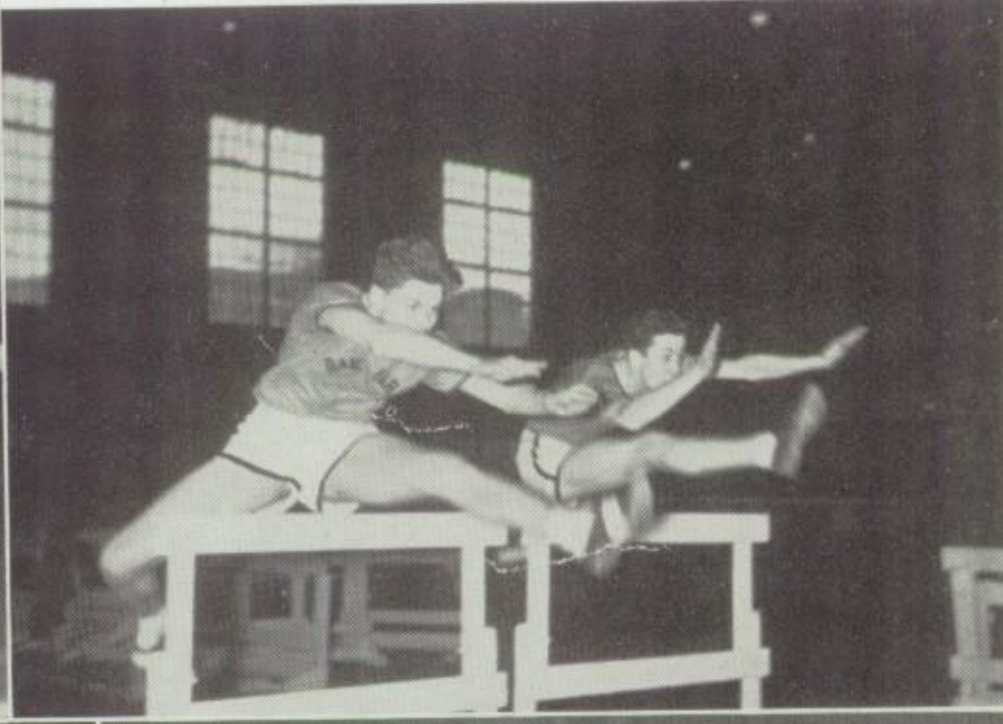

This year's Varsity track team has had one of the greatest collection of individual stars in the history of the school. The team began and ended the indoor season by defeating all of its competitors. In the Suburban League meet the stars of the team shone brighter than they had ever shone. The Oak Park thin-clads piled up the highest point total in the history of the school's participation in this annual meet.

Nichols and Nussbaumer were the outstanding stars of the team all during the indoor season. Both Nichols and "Nuss" tied records in the Suburban League meet. "Nuss" ran the fifty yard dash in the amazing time of 5.5 seconds and the low hurdles in 7.2 seconds. Nichols

ran the high hurdles in the fast time of 7.7 seconds.

Captain Parker Preble has come through in fine style in the low hurdles. With Westgate, one of the best pole vaulters the school has seen in years, more points were added to the Oak Park-River Forest score. Also Foss in the shot-put and Lyon in the 440 turned in fine performances.

The team would not be complete without its relay four, Hirsch, Claypool, Coon, and Preble. As usual, this relay team was able to excel in almost every meet it entered and was always able to provide the audience with some exciting moments.

Physical Education Activities

Basketball, baseball, volleyball, tennis, hockey, swimming, and dancing are carried on not only after school but also during the day in the regular physical education classes.

The fall program consists of beginning tennis, field hockey, swimming, and posture classes. A national experiment, a new six-player version of hockey, was tried among high school and college groups including Oak Park. This adaptation of the game proved to be faster and more active for all participants. The swimming program, which continues throughout the year, includes instruction in strokes and skills, and the giving of Red Cross Tests. During the second winter season individual and group water stunts and water games are featured. Posture classes run also through the school year. In these classes shadowgraph pictures assist in training the girls in body mechanics, in good carriage, and in poise. Emphasis is placed on relaxation and individual instruction.

As the Seasons Change, So Do the Class Activities

In the winter program students are taught marching, captain basketball, volleyball, and other group games, or they study different phases of dancing. The dance classes provide a combination of training in basic rhythms and ballroom dancing. Boys as well as girls are enrolled in ballroom dancing, and enjoy several after-school dances on Fridays. During the second winter season something new was introduced into the physical education program. The girls' and boys' seventh period gym classes were combined for square dancing, which Oak Park has welcomed in the high school gym as well as on the village playgrounds.

In the spring baseball and advanced tennis are emphasized. In the baseball classes the girls are given ability tests for accuracy, speed, and skill. At the end of the season final class tournaments are held in both activities.

After-School

HOCKEY

Hockey is the after-school team activity in the fall. Although the fast form, six-man hockey, was played in the regular gym classes this year, the after-school hockey groups retained the regular eleven-player game.

SPEEDBALL

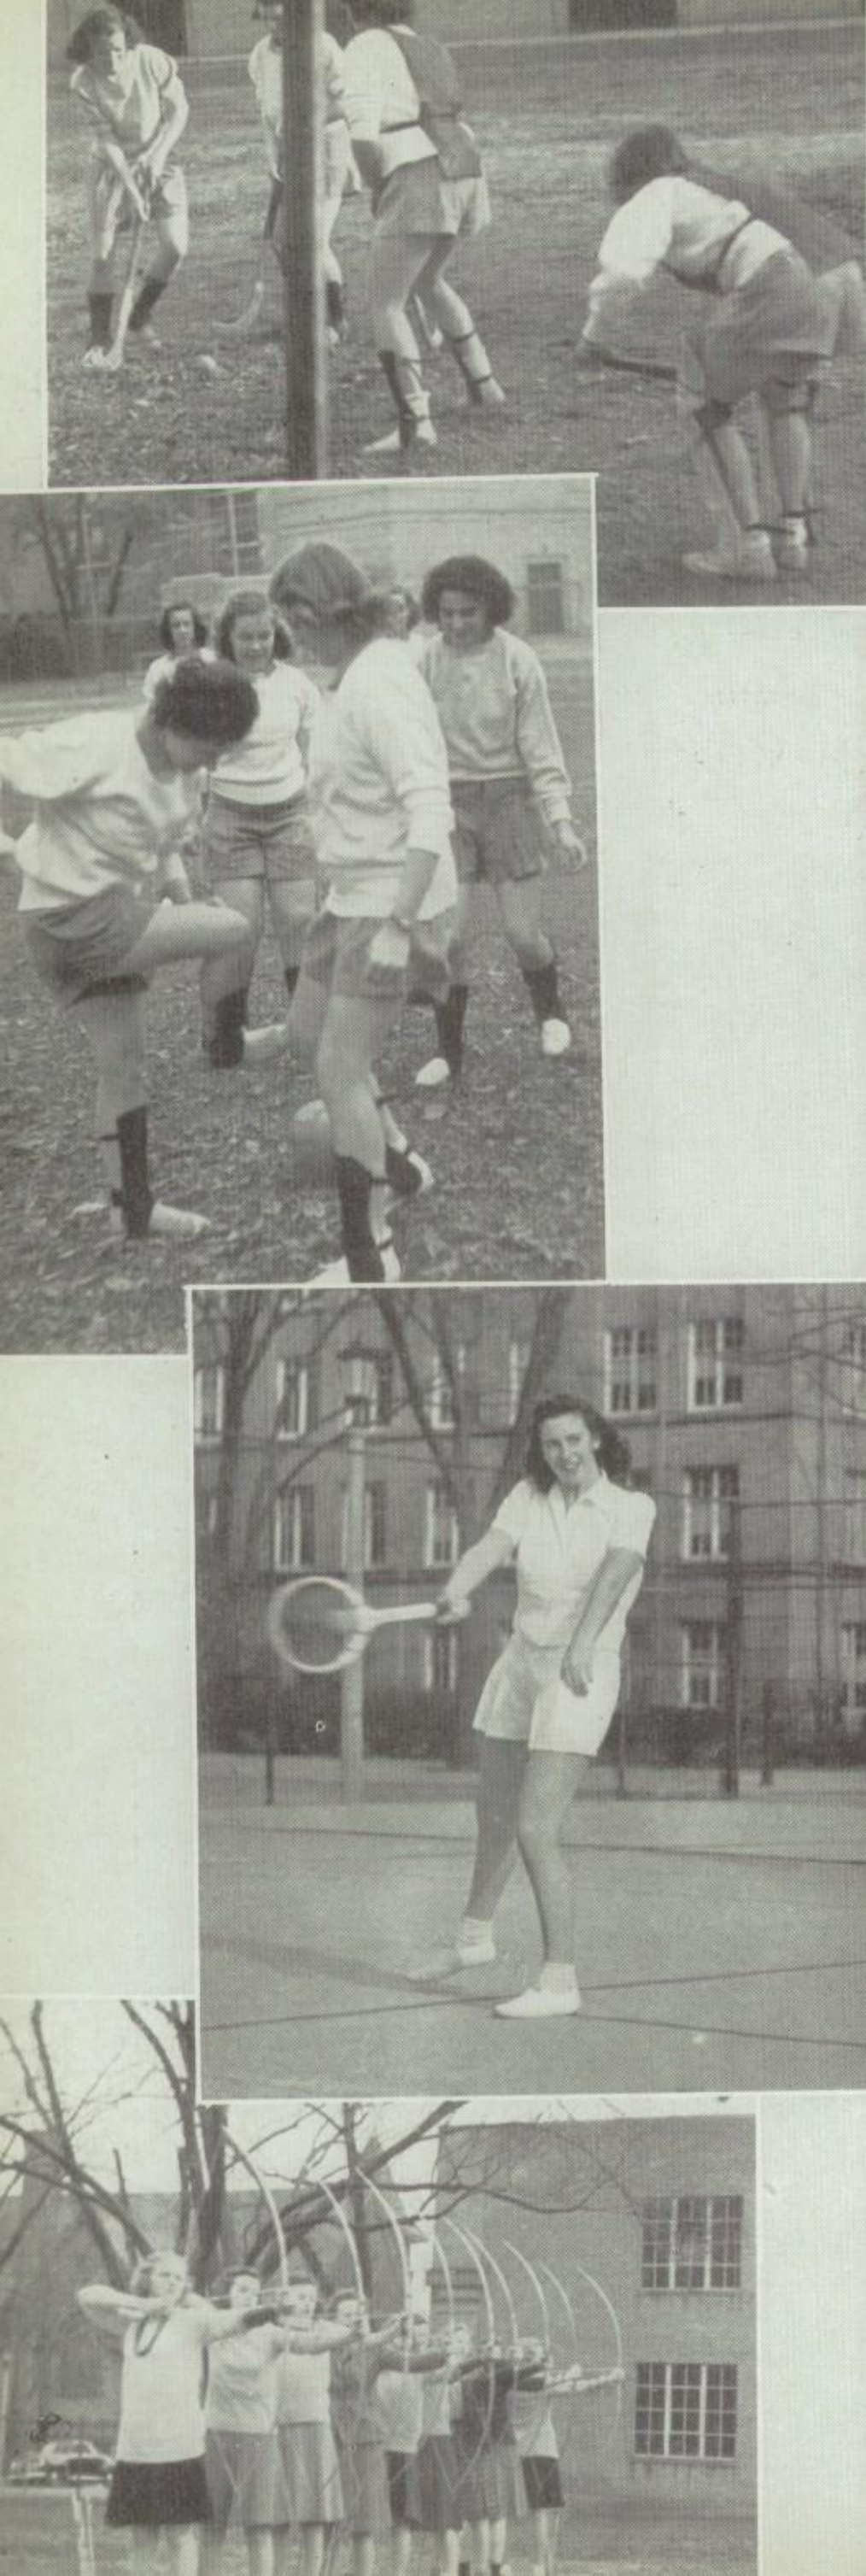

Speedball is an eleven-player game which combines basketball, soccer, and football in one game. This game is played in the fall by the freshman girls as a lead-up to hockey.

TENNIS

Class instruction in beginning tennis is given in the fall while advanced players are given special coaching in spring classes. The girls' tennis team enters tournaments with neighboring schools. This team grows out of the class and after-school groups.

ARCHERY

After-school archery practices are held outside during the fall and spring months. They are also held inside during the winter. Proficiency in this sport requires much skill and practice but it is enjoyed by all who go out for it.

Activities

SWIMMING

There are several types of after-school swimming: synchronized swimming, forming patterns to the accompaniment of music, life-saving, recreational swimming, and swimming for competition in the annual meet.

DANCE

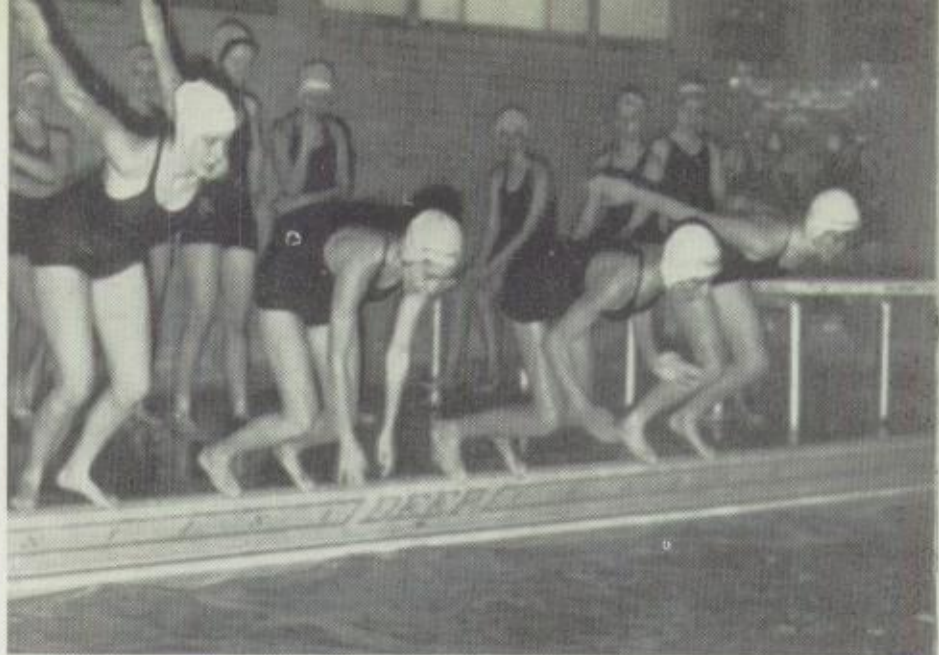

Modern dance is an art by means of which the dancer is able to paint pictures of all phases of modern life with the movements of her body. Through the year girls interested in this activity are given the privilege of seeing professional dancers.

BASKETBALL

Basketball is played in the Girls' Physical Education Department during the winter season. Although the girls' game differs from that of the boys, it is no less exciting. The seniors won this year's tournament.

VOLLEYBALL

Volleyball is the popular after-school sport during the first winter season. In January an interclass tournament was held for all those participating in the game after school. The competition was close but the juniors were victorious.

Winning Teams

In the fall the main intramural sport is field hockey. This activity is practiced by the girls every week throughout the season and then their interest is climaxed by a tournament. This year after close competition the seniors were victorious.

Through the weeks of February and March basketball is featured. At tournament time it was a close draw as to whether the seniors or sophomores would win. The girls in the picture are the final contenders for the championship. The seniors were the winners.

Volleyball

Volleyball practices are held during the weeks of the first winter season. Volleyball offers recreational advantages as well as opportunities for developing skill. The girls who went out for volleyball this winter were given the opportunity of seeing movies of the game. The juniors won the tournament this year for the second time.

Winning Teams

Baseball Officials

The team sport which is most popular in the spring is baseball. This activity, too, is practiced each week by the girls and is also climaxed by a tournament. Important helpers in this tournament are the officials. These girls act as umpires and referees and in so doing are of utmost value.

In April the girls' annual swimming meet is held. At this time the girls compete in stunts and synchronized swimming, and in racing and diving events. The girls in the life-saving picture have passed the tests required by the American Red Cross.

The winners of the various events of the swimming meet were: 25-Yard Free Style—Tie: Suzanne Salmon, Dorothy Slingerland; 25-Yard Breast Stroke—Marcia Scholes; 25-Yard Back Crawl—Dorothy Slingerland; 50-Yard Free Style—Suzanne DeButts; 100-Yard Relay—Winning team: Suzanne DeButts, Beverly Johnson, Suzanne Salmon, Dorothy Slingerland.

Badminton Table Tennis Tennis

A badminton demonstration

Members of Atalanta who meet the required qualifications form a tennis squad and take part in tournaments with girls from neighboring high schools. Last fall the Oak Park girls had gratifying success in these matches, ranking first each time that they competed.

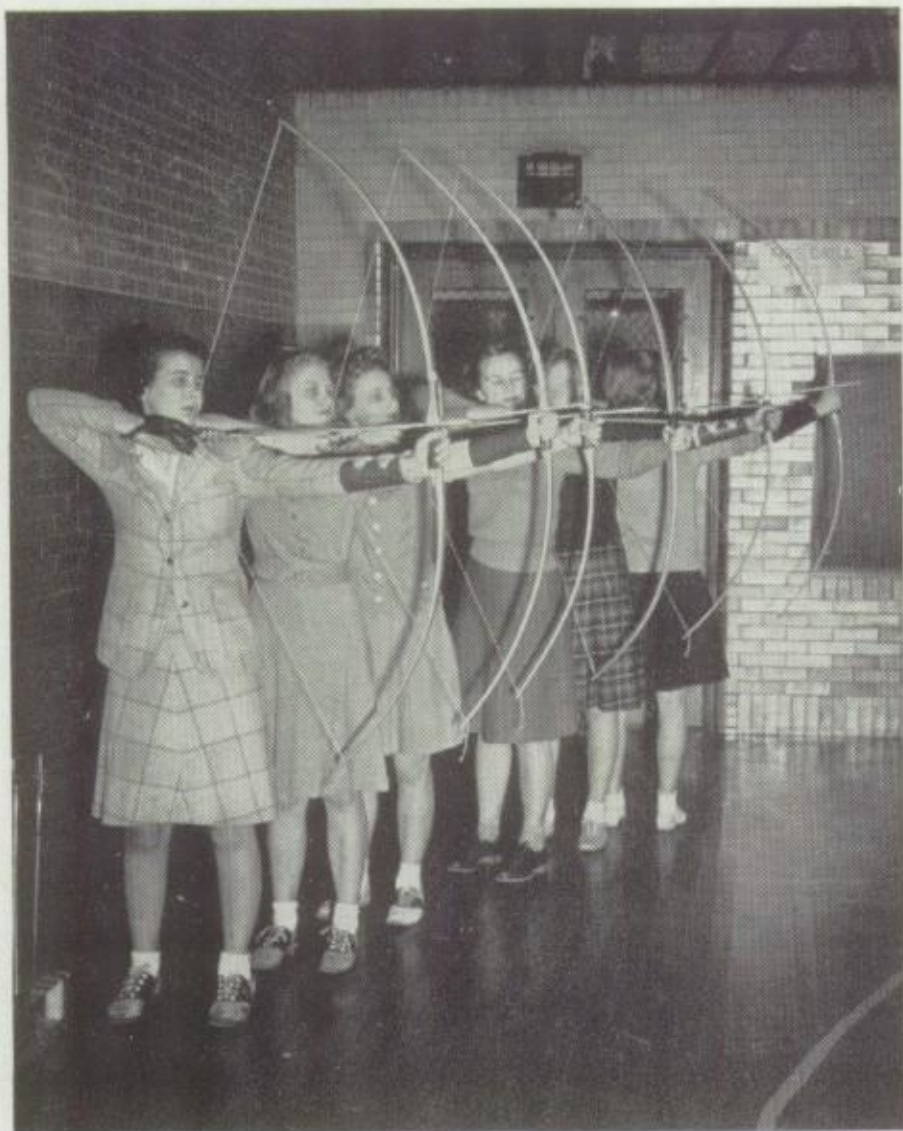

Table tennis is open for recreational playing after school during the winter months. This year an intramural tournament was held. Dolores Glos, Betty Clancy, Patricia Meisner, and Dorothy Pain were the four class winners.

Archery

A girl who is a member of the girls' archery team may well be proud of her position. To be a good archer she must have a keen eye and a steady hand. After she has practiced during the fall, winter, and spring months she is ready to enter tournaments with the members of her team against girls from other schools.

Golf

Golf is the girls' newest interscholastic sport. Beginning and advanced golf classes are taught after school in the spring. The girls in these classes work on their strokes at school and then put them into practice at one of the local driving ranges. In the fall a golf team made up of members of Atalanta is organized.

The Annual Gym Exhibit...

Today a sound health program is vital to our national defense. The annual gym exhibit is proof that the students at Oak Park are receiving adequate instruction to aid in this program.

Among the twelve numbers which made up this year's exhibit were two innovations—the pyramids and the square dancing. Both boys and girls took part in these two activities. In the first the students formed interesting floor pictures several layers high. The blended green and white of their gym suits gave a novel color effect. In the latter the boys and girls set the whole audience in motion with their lively dance patterns. Also included in the program were a sample indoor soccer game, presented by a select group of boys; marching numbers by both boys and girls; free exercises also put on by both boys and girls; and Indian club swinging by the girls.

Annual Tabula

Beginning on the first day of school in September, the staff of the senior annual has worked every sixth period and many afternoons to produce a record of the school activities for the year. Many were the decisions to be made and the difficulties to be overcome before the book could go to press in May. After a general outline had

been formulated by February, a Junior Staff was selected to help with the quantities of detail work. But now the pictures have all been taken and reproduced by the engraver, the copy has been written and proof read, and the book is back from the printer.

We hope you like it.

Literary Tabula

From the first bit of blackboard artistry in the fall to the last spring-training advice for left-fielder Mr. Hohn, 128 realizes each sixth period that nothing less than the Literary Tabula Staff is at work. And work it is—as the December and May productions full of student rhyme, reason, fact, and fancy are sure to testify. Aided by Miss Davis's hard-working freshman staff and Miss

Hardie's ambitious sophomore staff, the nine editors, with Miss Burt and Mr. Hohn furnishing the guiding hands, sort through the apples, dill pickles, dime novels, mice, and raisins in their filing case, and finally find enough copy to give literary immortality to a galaxy of celebrated contributors.

following year are selected. The five editors who take turns being Editor-in-chief do the arranging and compiling under the direction of Mr. Hecketsweiler. The Sports Editor, John Hoermann, keeps his job from week to week and he has handled it ably for two years.

Tabula Publishing Board

Before any of the three publications of our high school, *The Trapeze*, *The Literary Tabula*, and *The Tabula*, is in the hands of its readers, a great many practical matters of business and finance must be arranged by the men behind the scenes, the Tabula Publishing Board. The members of this board, commonly called the Business Staff, receive training under actual business conditions and are efficient and loyal.

The work is divided into three sections: advertising, business, and circulation, each headed by a manager. Mr. King is the patient guide and coordinator of activities. The advertising department sells the space and composes the layout for the advertising. The hard-working advertising staff of *The Trapeze* is managed by Leonard Nemerovski with Betty Chandler and Virginia

Hale as assistants; the *Tabula* advertising is handled by Celeste Conolly with Leonard Nemerovski as assistant. The business department, headed by Kenneth Wanderer, who is ably assisted by Arthur Naylor, lets contracts for printing and engraving, collects money from the advertisers and subscribers, keeps the books, and pays the bills. The Board has had two competent cashiers, Helen Wells during the first semester, and Jean Lawrence during the second. Under the direction of two capable leaders, Richard Peterson for *The Trapeze* and Marion Compton for *The Tabula*,

the circulation department, composed of supervisors for each class, sells the publications and directs the activities of the home room agents. An agent has a difficult job in that he takes care of his own home room, selling, collecting, making announcements, and delivering the finished product.

Since the publications of this school are of interest to many outside of school, the mailing department, directed by Janet Sullivan, sends out the necessary copies. Also vital to the staff is the secretary; Tom Scott has handled this job in an extraordinarily efficient manner.

Student Council

A new, democratic plan of student government was developed this year as a result of long and hard work on the part of the twenty-one Student Council members. Striving to obtain a complete representation and thoroughly efficient means of handling student affairs the Council initiated an entirely new and long-lasting system for Council election and for a unique Freshman Council. Besides establishing the new form of government, the Council aided in the outdoor assemblies, managed a Red Cross Drive, sponsored after school dances, arranged for monitors in the auditorium and girls' old gym during lunch periods, supervised the guards in the basement halls during lunch-time, took part in establishing an inter-school league of Councils, set up an information desk, ushered at the P.T.A. meetings, published a freshman guide and a lunchroom pamphlet, and raised the money necessary for the model airplane construction. The enthusiastic work of the Student Council has made it one of the most active and influential organizations in our school.

Smoking Council

This group is one of the four councils that help to guide the activities of the school. Its members are made up of senior and junior boys elected by the boys of both classes. A great deal of credit should be given to these boys because they handle well the problems that arise and also because they are the only council that does not have a faculty supervisor.

Safety Council

An indispensable part of the school is the Safety Council. Its function is to guard the life and limb of the students in the course of the school day, and to make the streets around school as safe as possible for pedestrians and drivers. The presence of hall monitors during the lunch hour, the one-way traffic signs and the safety posters show that the Safety Council is always on the job.

Girls' Conference

CHAIRMAN, MARION COMPTON

With the theme, "The Silver Key," Girls' Conference celebrated its twenty-fifth anniversary on November 7, 8, 9. Numerous factors contributed to the success of

this year's conference: the guest speaker, Jean Beaven Abernethy, who was asked to speak again this year because she made such a hit two years ago; the new high in attendance ratings—over five hundred attended the banquet—and the girl cheerleaders, who added to the spirit of joyfulness. This conference will really be remembered as worthy of a silver anniversary, a memory to be re-lived in the future by means of the recordings made at the time.

Boys' Conference celebrated its twenty-fifth anniversary along with Girls' Conference. The theme which the boys chose as the most fitting one was, "Success in a Changing World." Dr. Paul Hutchinson spoke Friday night on "The Shape of Things to Come," and the address Sunday night was given by Rev. Rolland W. Schloerb, whose topic was "Goals Worth Living For."

According to the boys, a few of the highlights of their conference week-end were: the fine dinner Friday night, the super buffet Sunday night, Jerry Mason's smooth dinner music, the impressive service Sunday, the community singing Friday night led by Al Ronander, the spirit of friendliness about the whole conference. From the sounds of it, the fellows must have had a mighty fine conference.

Ten years ago, there was a movement among people of high school age for an institute of their own on international affairs. Their desire was realized in the annual Junior Institute, held this year on March 6 and 7. We were very fortunate in having as speakers, Walter E. Myer

of American Observer fame, and Mrs. Ada Roetter and her son Jurgen, who one year ago returned from Germany. It was thrilling and profitable to learn of current problems from such well informed persons.

Arts and Crafts

One of the most popular clubs for sophomore girls is Arts and Crafts. The girls learn to make many simply constructed and useful articles. Among piles of cork, metal, felt, yarn, wooden blocks, textiles, cellophane, and chains, ideas come thick and fast and everyone is kept happily busy. Many of the finished products are sent to hospitals and welfare centers where they are distributed among the sick and the underprivileged. The great appreciation with which these gifts are always received is reward enough for the girls. To avoid having their fingers permanently pricked out, cut, and pounded, the girls take time out here and there for programs. For example, at the Christmas meeting handicraft gave way to the craft of carols, games, and an original play.

Art Club

Any student interested in art is a welcome person in the Art Club. Each meeting is spent upon some project. For instance the members passed one unforgettable meeting submerged in finger painting. As we go to press, however, a change of policy is in the air. There is talk of disbanding the formalities of the more organized club and creating an open house or workshop. In this way the opportunities of the art rooms would be available to all, talented and untalented. Members would be able to come in as often as twice a week and work in groups with their friends. Projects of all kinds could be undertaken such as weaving, painting, claymodeling, poster work—in fact almost anything in the sphere of art. Contests offered in areas near by could be entered, and art work of any kind would be encouraged. Although all this is still in the preliminary stage we may be safe in saying that the new plan has many advocates.

With the present emphasis upon air power students have been conscious of the opportunities for service in the Aviation Club. Members built their models at a faster rate this year. The number of club meetings was increased to two a week, and during each, aviation theories were seriously and thoroughly discussed. At the present moment the boys are engrossed in the study of the airplanes being used in every phase of the war. The manual training classes of the school are planning to build models of all these ships, and it is going to be Aviation Club's lot to construct all the most difficult ones. When this task has been completed, the boys are looking forward to building their gas models for the big event of the year, a combined picnic and airplane contest.

Radio Club

Radio Club has for many years operated in a technical-social manner. The programs have been intended to improve the members' technical knowledge and ability, as well as to entertain. The Club has long maintained a short-wave broadcast station with the call letters W9BMQ. Two-way radio contacts with other amateurs over the entire country have been made.

But following the declaration of war, all amateur radio communication was banned. What to do with Radio Club therefore became the big question. After serious consideration two-thirds of the members agreed to "carry on" and to meet weekly in a technical study class. Under skilled leadership the twenty members are working seriously to improve their knowledge of radio. This is Radio Club's contribution to our war effort. Some of these hard working members may sometime help Uncle Sam as experts in radio communication.

Newton Club

Open to any junior or senior with at least a B average in the high school's required mathematics courses is the esteemed Newton Club. The fact that the club this year had to reject one-fifth of the applicants is proof enough of its popularity. Newton Club aims to develop a consciousness of mathematics and to broaden the concept of the field. Problems of an advanced nature are worked out to show the members what is in store for them. This year's meetings included a movie on Einstein's theory, and a talk on the fourth dimension.

However, Newtonites don't spend all their time on these deep and ponderous subjects. Math oddities and amazing proofs are eagerly hunted up and reported upon much to the amusement of those listening. All Newtonites know the answer to the problem: $X =$ the day in May on which there is inevitably rain. They're hoping for the year in which Room 319 will not be the Q. E. D. spot for the annual picnic.

Sportsmen's Club

Sportsmen's Club endeavors to further an interest in sportsmen's activities, to develop new interests, and to create an awareness and an appreciation of the conservation of wild life. The club emphasizes a three-point study—of the activity, of the equipment, and of the methods for maintaining the field of action. Sportsmen's activities consist of horseback riding, hunting, hiking, fishing, and sailing. Most of the boys have fine collections of equipment—guns, casting rods, baits. Through movies and talks on their hobbies the boys secure information, which they then apply in the field,—on camping trips, in shooting contests. A great deal of time and attention is also given to the discussion of the rehabilitation of game areas and the conservation of animal and bird life. With such a program the boys have at the end of each year a knowledge of sports to enrich their leisure time, and a keen appreciation of the importance of preserving our natural resources.

Resolved: That _____ is superior to _____. (Forum and Gavel are to be inserted in the order dictated by personal loyalty.) The decision on this always hotly contested question is a tie, for each debating club contains an abundance of persuasive geniuses. Each fall many juniors and seniors, who incidentally must have a good B average, sign up for their choice. Those who are judged able and willing to contribute greatly to the work of the clubs, are soon labeled either as Forumites or Gavelites.

This year debaters spoke intensely on national, foreign, and community questions. Such complicated subjects as National Honor Society, censorship, homework, war emergencies, the length of the school year, and the superiority of classical music over popular were battled to bitter ends. Is there anyone who will ever forget Marjorie Flood's famous cry of—"Give me liberty, for homework is death"—or Dotty Wantz's riotous shaving demonstration? The long debates are followed each meeting by skits, law drills, and extemps which provide much amusement. Outstanding events are the mothers' teas, joint meetings, and meetings with the boys' debating clubs.

On the masculine side of that D.O.O.P. sport, debating, one finds those avid arguers, the members of Burke and Lincoln Clubs. In spite of contrary rumors spread by the rival club, each group is an honorable and grave society, devoted to the higher phases of parliamentary law and discussion. Candidates are graded by the faculty and the list of eligible applicants is then carefully examined by the club sponsors and carry-over members. Every member appears on at least one program, and generally the competition

for the honor of debating is heated. The subjects for debate are chosen with an eye to current events and such topics as "Should Lend-Lease Aid to Russia Be Continued?" were hashed over thoroughly last fall while this spring the discussion followed such themes as "Should a Second League of Nations Be Established After the War?" Mr. Gehlmann attempts to subdue the Lincolmites and Mr. Wilson has been able to corral the Burkites, although both groups once escaped long enough to play a baseball game, the results of which are well known.

Brooks Club

BROOKS CLUB is made up of boys and girls enrolled in the Religious Education classes. Following a schedule made out in the fall, the club heard and gave talks, devoted time to social work, saw movies, played hosts to their mothers at a tea, and are preparing for the final meeting, a picnic. Members especially look forward to their beautiful candlelight service, which was unusually impressive this year.

Anything goes when the Story Club *literatae* get together. Poems, sonnets, essays, stories—all the refinements of literary expression—are to be heard as each member trots out her dearest brainchildren before the critical minds of her fellows, to have them duly appraised. These girls may never be Edith Whartons or Emily Dickinsons, but writing is their hobby, and they love it! Some of their gayest meetings have been the Hallowe'en meeting, the Christmas Party, and the Mothers' Tea.

For one of the most recently organized clubs of the school, Townmeeting takes high honors on the popularity list. The club, started last year, is open to all senior girls. Its function is mainly social—to develop the members' initiative, poise, and ability to get along with people. The programs stressed this aim. The girls spent one delightful meeting picnicking, another listening to a speech by a well-known stylist, and others playing games and presenting original skits. But

"to see Chicago first"—to meet people and become familiar with those places that everyone has always wanted to see and has never quite got around to seeing—is the really exciting part of Townmeeting Club. Saturdays, therefore, are set aside as trip days for the girls whose lightly tripping toes and wondering comments echoed around the Rosenwald Museum, the Mars Candy Factory, China Town, and a broadcasting studio.

Science Club

Under the able guidance of Mr. Park and Miss Wilson, Science Club gives to its members an opportunity to investigate the fields of chemistry, physics and biology. Its membership is derived from the freshman science students interested in going beyond the work provided in their daily classes. Among the most interesting of this year's programs was a talk by Miss Williston of the Botany Department on strange botanical phenomena of the world. Science Club members also have arranged some of their own programs, including experiments in producing exceedingly high or low temperatures, and talks on cosmetics and plumbing. The boys and girls did all their own research in working up these talks, and proved that they are well on the road to taking their places in the scientific laboratories of the future.

Latin Club

One of the two clubs open to freshmen is Latin Club. It offers gifted students a chance for activities related to the study of Latin which the class period cannot cover, and trains these boys and girls in the responsibilities and technique of running a club. After a freshman has completed the first half year in school, he can, if he wishes, get on the candidate list for Latin Club. Future members are then chosen from the list according to superiority in grades. Talks on phases of Roman life, a Latin version of "Information Please" and of "Ferdinand the Bull," and a Latin play and style show kept these industrious freshmen busy.

Chemistry Club

If you were to visit a Chemistry Club meeting, discussions of electro chemistry, plastics, or synthetic rubber might make you think you had blundered into a meeting of research scientists. To this club belong students who are interested in chemistry far beyond the scope of the high school course. Investigations of the application of chemistry to industry, healthful living and vocations are the nucleus of the club's activities. Besides hearing lectures by some of the foremost members of the scientific fields, or by representatives of such industrial organizations as the Sears Roebuck Testing Laboratories, the members themselves gain experience in appearing before the club and explaining intricate scientific processes. This year the entire club went to the American Can Company research laboratories, where they met and talked with research chemists actually working on problems. Many members of the club realize that in study or immediate employment they will apply the principles learned from their activities in Chemistry Club.

Zoology Club

All students in the zoology classes of the high school are eligible for Zoology Club. Sophomores, juniors, and seniors with a common interest in the animal world, its problems and its mysteries make up the club. In this way the members are made more conscious of the life and growth in the world around them. Most of the academic clubs of the high school try to develop keener observation and interest in their subjects. This year Mr. Aeby assigned the planning and presenting of the programs to different groups. The talks were enlightening and interesting. Oddities in the zoological world were reported and some amazing facts were uncovered. During the second semester movies, an outside speaker, and some original games relating to zoology filled the meetings.

GIRLS' CAMERA CLUB

Photographically-minded girls belong to a social and creative club, the Girls' Camera Club. Each year on the basis of photographic work submitted for entry into the club, twenty-five girls are chosen for membership. They are then grounded in the principles of taking, developing, and printing pictures. The year's calendar included a Christmas party, a Mothers' Tea, and a corridor exhibit of the girls' best work.

BOYS' CAMERA CLUB

Camera Club boys are selected by Mr. Lane by merit of their knowledge of photography and of their reputation for being responsible citizens of the school. The club members all help a little with the *Tabula*, but only those who have extra time and energy are chosen for the Photo Staff. At the club meetings demonstrations on phases of photography are made by members and by professional photographers.

Pan-American Club

Joining this year the large family of clubs, Pan-American takes honors for having one of the largest memberships. The grave world situation indicates the necessity of promoting a lasting friendship with Latin America, of developing a mutual understanding and an appreciation of each other's culture. To carry out in our school the North American half of this aim, to acquaint the students with the countries below the border, Pan-American Club was

organized. Members had the good fortune of hearing many lectures on Latin America given by travelers or natives of these countries. Some of the lectures were accompanied by colorful movies. A gay Christmas festival was the outstanding event during the first semester. Second semester the members gave a carnival and sponsored an elaborate Pan-American Week with library and Spanish department exhibits, and a Pan-American Assembly.

Masqueraders

Dramatic training in the high school starts in the second year. Any sophomore with an A average in English can become a member of Masqueraders. This club's only purpose is to get talent young and train it for future opportunities. Masqueraders were seriously handicapped this year without an adequate stage, but the monthly plays went on, and some really fine productions were given. With the casting and prop committees (and the actors) working their heads off, "Curse You, Jack Dalton," "Thanks Awfully," and "Just What They Wanted" went off in fine style. The season was concluded with an original skit written by Mr. Rossetter and presented in an all-sophomore assembly.

Footlights

Footlights stands as the second step in an O.P.H.S. dramatic career. All juniors with an A average in English who pass the try-out are eligible. Graced with an unusually fine group of members, Footlights buckled down and really "went to town" this year. The plays given at the meetings met with such great success that they were re-enacted for three different assemblies. "Hugo in a Hurry" was given for the freshmen, "Spreading the News" for the seniors, and "Arctic Spring" for the juniors. A puppet show, carefully planned and worked out by a group of the members, is now anticipated for the last meeting to mark the end of a successful year.

The Class Play Take-Off

The final step in dramatics during high school days is becoming a member of Drama Club. This club is open to all seniors with a B average and enough dramatic ability to pass a tryout. Its activities include the fostering of the senior play and the presenting of the much anticipated take-off. The first semester this year was devoted to short plays and skits prepared by different members. The meetings were full of fun and interest as one hundred amateurs took their places on the stage and did their best to prove that they are future Barrymores and Cornells. In the second semester meetings gave way to tryouts, practices and plenty of hard work for the class play. This effort was plentifully rewarded by the success of the final production. The club's next and last project was the famous take-off—ridiculous, clever, riotous.

Monogram Club is open to any boy from a major sport who has received his major monogram. The wearer of a monogram is looked upon as a model of our school's ideals of sportsmanship, leadership, and achievement. Monogram Club exists to advance these ideals and to formulate rules for athletics. Coach Holmes, of the Boys' Physical Education Department, is the helpful adviser of the club. New officers, elected at the end of each season from the junior members, take their posts the following year. Monogram boys keep order at sports events and act as ushers at important school activities. This year the club obtained enough money through the sale of hot dogs, ice cream, and candy at games to be able to serve refreshments to the members of all the visiting teams.

Terpsichore Club

Instruction in dancing was so much in demand seven years ago that Terpsichore Club was organized. It welcomes as members all girls seriously interested who can devote time to practising the techniques of all phases of the dance. At the beginning of this year the girls concentrated on body technique in order to develop flexibility and expression. To learn even more, groups of members attended the recitals of two famed dancers, Hanya Holmes and Martha Graham. Many interesting original patterns of the modern dance were worked out for the club's programs. To a Terpsichorean a meeting means a delightful program, lots of hard work, and many sore muscles. For a future performance the girls are now spending their last meetings in perfecting a new spring dance.

The big chief

The award for the busiest club in the school could easily be pinned on Atalanta, the girls' athletic club. A prophetic beginning was the famed Penny Carnival, turning the gym into a scene of magic, games of chance, refreshments and spooks. As soon as the last crepe paper was swept off the gym floor, eager workers

began busily talking about the Football Dance. Yes, this gala affair is completely planned, arranged and prepared by the Atalanta girls. Having decided on a star motif the girls started work in October and should have been highly pleased with the result on November 19. The latest successful undertaking of Atalanta was the Hatchet Hop—an after-school jiving affair. Along with promoting these events the girls have kept up a vigorous campaign to win athletic points and awards by taking part in sports activities and having health tests.

Often noticed on the blackboards of scattered study halls are announcements referring to Hi-Y meetings. In spite of this constant advertisement, most people know very little about the Hi-Y or its activities. This last semester the clubs, composed of specially invited boys, were entertained by Father Peoples and his large collection of swing records, enjoyed a talk by Dr. Youngert, and spent a very instructive evening with a speaker from New

Guinea. Hi-Y has always managed to supply its members with an evening of diversion. The clubs also do altruistic work. For instance, the freshman group specialized in collecting sporting equipment for those who could not afford it, and arranged a baseball game with boys from the Maxwell Street district.

Music Club

Dropping restrictions on their entrance qualifications this year, Music Club welcomed to its midst both listening and participating members. The club claims such notables as Margery Lindquist, who has appeared to sing with the Chicago Symphony Orchestra, Harry Brown, who directed the Oak Park Symphony in playing his own original composition, Paul Parmelee, guest pianist of the Chicago Symphony, and many of the soloists of our music festivals. To extend an interest in music the members have seen and listened to one another and have been frequently visited and entertained by guest artists, well known professionally.

Extemp.

Not even the severest winter gales can compete with the witty blasts of oratory that escape from room 232 on Friday afternoons. It is at this time that the Extemporaneous Speaking Group holds its conclave and thrashes out problems of titanic proportions. Some of the meetings this year were not given over to debating, but were spent in drafting a constitution for the group, a feat which will tend to increase the reputation and fame of the club's spirited parliamentarians. However, the gusty guide from the faculty, Mr. Ramsay, still finds his knowledge of "Roberts' Rules of Order" much in demand.

The Girls' Club . . .

Girls' Club is unique as it is the only club in school which claims every girls for its membership. Its purpose is to promote fellowship among the girls of the different classes.

Programs and parties were given to further this purpose. SEVEN KEYS TO BALDPATE was sponsored by Girls' Club. Christmas stockings were sewed and filled by members of the club. Tag Day was held, and students made it possible for these stockings to be sent to the Chicago Commons. Then Girls' Club turned to Red Cross work, not neglecting, however, their program of parties and style shows.

Miss Bennett and the Officers

The president, Marion Compton, was elected in the spring of '41. The officers were chosen by girls in the senior home rooms and were, in addition to Marion: Patricia Bryant, Vice-president; Jean Reininga, Secretary; June Pendarvis, Treasurer, and Marjorie Flood, Scrap Book Keeper.

Back Row: Seed, Landsea, Ligare, Gramlich, Elliott, Jackson, Jacobson, Love, Morrell. *Third Row:* Peterson, Nordhaus, Flood, Hirsch, Detwiler, Solinsky, Dry, Traznik, Glidden, Westcott. *Second Row:* Bjorkman, Schleck, Constantine, Kesler, Walters, King, Hadden, Hafner, Tilden, Wantz. *Front Row:* Christian, Wills, Bowles, Starkey, Robie, Snorf, Gormley, Jefford, Ullmann, Jenks.

Preparation . . . Production . . . Prospects

TAG DAY is always one of the year's successes, but the intensive preparation for this day is not known to many outside the Girls' Club. Several weeks before Tag Day, the Christmas stockings, under the guidance of Miss Pomeroy, were cut out and filled with candy, toys, automobiles, handkerchiefs, and dolls. The Monday before Tag Day, the members of Girls' Club worked after school tying string on the Tags so that they could be worn. Each girl brought a box, decorated with Christmas paper,

for the nickels, pennies, and dimes on Tag Day. Tuesday morning, announcements were made in all the home rooms, telling the students about the purpose of Tag Day, the stockings, and the five hundred boys and girls in the Chicago Commons they were going to cheer.

Wednesday, Tag Day, the girls and their boxes were stationed at the entrances of the school in the morning, and at the lunch-room doors at noon, ready to receive contributions from the students and teachers and to give everyone Tags.

This year the money received from Tag Day more than covered the cost of printing the tags and making and filling the stockings. The remainder went toward a charity fund. This proves that although the drive was the only social work the club did during the year, the Girls' Club with their energy and enthusiasm really accomplished their purpose of making people more contented and happy.

Girls' Club Parties

EATS

EATS

EATS

Girls' Club has had a full program of parties. A party was given for the new juniors and seniors on September 11. On October 1, there was a party for the new sophomore girls, on October 15, a senior-freshman or "Big and Little Sister" party, and on November 5 a party for all sophomore girls. The second semester opened its program with a party on April 15 for the new freshmen. Then a style show, in

collaboration with the Home Economics Department, was given in the auditorium on May 15.

To the fun and fellowship of these parties was added the enjoyment of music, both classical and popular, provided by the Girls' Choir and the Freshman-Sophomore Girls' Chorus; vocalists, Margery Lindquist, Delores Hunter, and Betty Hegge; pianists, Denise De Lano, Priscilla Ullman, Ellen Bentley and Patricia Wills; and accordion players, Emrose Roth and Mary Lou Peterson. There was a helpful talk on activities outside of school led by Kathryn Ligare, and a panel discussion on good citizenship in the home, community, and school, by Marion Compton, Dorothy King, Dorothy Ann Constantine, Patricia Kyle, Muriel Solinsky, and Betty Snorf. Amusing skits (quite a few original ones) given by groups of senior girls never failed to add to the enjoyment of the parties. Some of these were, "Teacher's Dilemma," "Too Many Marys," "Cinderella Up-to-date," "Romeo and Juliet," and "School Days." Games were played or refreshments were included on the program—for few high school girls can resist tempting cokes, ice-cream, or cookies and punch.

Music

The Girls' Club Show

SEVEN KEYS TO BALDPATE, by George M. Cohan, was the melodramatic success sponsored by Girls' Club this year. Played to full auditoriums for two performances, its complex plot and numerous, colorful characters appealed to everyone. Impressions the audience will remember are: howling wind . . . a deserted inn on a wintry night . . . Bill Dunbar's "Oh, Brother!" . . . a fanatical hermit shrouded in sheet with a swinging lantern glimmering in his hand . . . gangsters . . . a "real" fight on the stage . . . gun shots . . . a murder . . . the feeling of fearful expectation every time another key opened the inn door . . . an exasperated, handle-bar mustached sheriff . . . Jo Kesler exclaiming, "Eeek, a Man!" . . . a dead lady in a red evening gown . . . walking . . . All quiet on the stage except the wind and the sound of a typewriter . . . the ending or the set down after the build up.

The sense of exciting melodrama was carried by the actors throughout the play, in which seemingly impossible situations came true. The spirit of melodrama touched the audience, also, and the response to the actions on the stage was keeping with the play. The cast and audience had an equally good time!

Praise is the due of all those who worked on the play: director and cast, faculty and stu-

dent workers on the production committees. The orchestra under Mr. Weckel's direction played before the performance.

A large part of the organization of committees and the selection of the programs was done by the Girls' Club Council, advised by Miss Bennett. The sale of tickets and the distribution of tickets by agents in homerooms was managed by the Council.

Oak Park's War Work

On December 7 our school life was interrupted by news of Pearl Harbor. True to OPRF tradition, we responded with all our strength to the call for help.

Soon after Christmas, Girls' Club organized a Red Cross unit under the direction of Miss Schuyler. Every afternoon workrooms were open for sewing, knitting, and bandage-making. Hundreds of girls made articles that have been of use all over the world.

Gavel girls became Uncle Sam's saleswomen when they started selling War Stamps. Each week in the home rooms and at the booth in the hall we students bought eight hundred dollars worth of "Jap Slappers."

Sewing was under the direction of Mrs. Youngert. Making baby clothes: Lucas, Ellis, Love, Robie, Boll

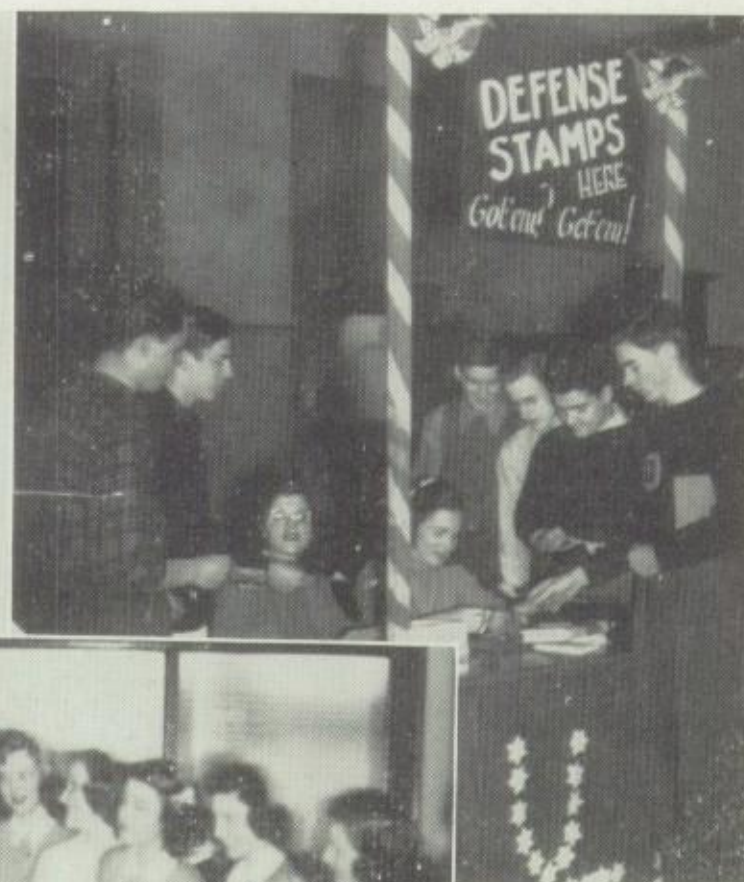

Miss Bothwell was in charge of the Knitting Group. Knittin' mittens: Young, Kaiser, Frymark, Stuart, Parthemer

Miss Magowan was in charge of Surgical dressings. Rolling bandages: Phillips, Wilson, Solberg, Blum, Dry

Ligare hears the coins clink.

Salmon and Wolffson sell 'em.

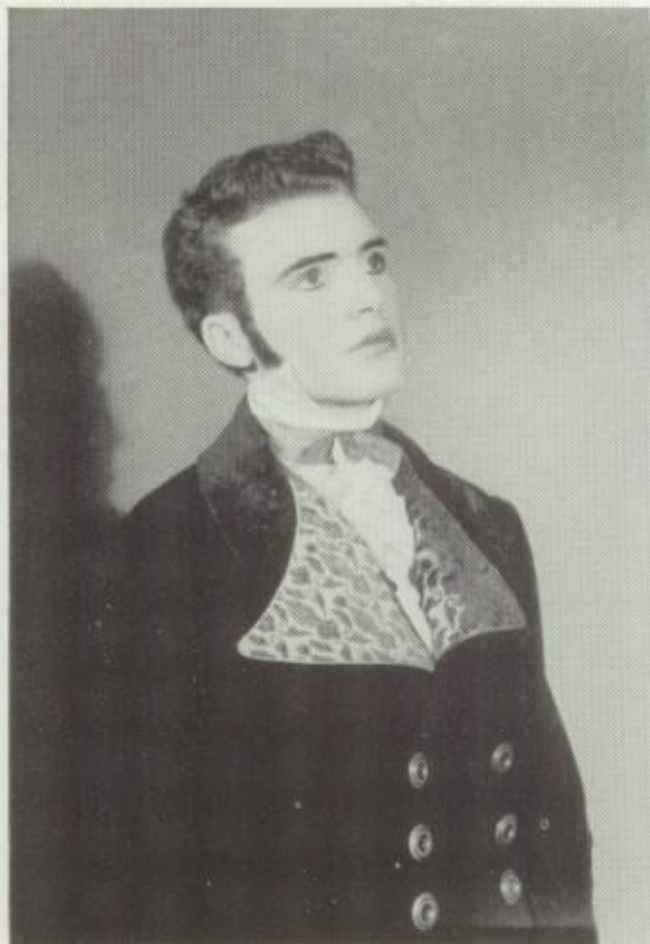

Cashiers count War Stamp money.

Helping to make the lot of the boys in the service happier, the juniors collected over two thousand old records to pay for a new phonograph for an army camp. Also, every Friday, they collected homemade cakes, cookies, and candy for the men in the Servicemen's Center in the city.

For their leisure time in camp, we brought books—over four thousand of them—to aid in the nationwide drive. We students shall go on doing all we can for our country's fight.

The Senior Class Play

The excellent senior class plays of Oak Park High School are legend and this year again the seniors lived up to tradition in their finished production of "Pride and Prejudice."

The charming sets carried the audience far from Oak Park and to the Bennetts' and their friends' homes in nineteenth century England. Great care was taken to have all of the furniture typical of the late eighteenth or early nineteenth century. The lovely spinet and candelabra in the Bennett drawing room, and the heirloom clock in Lady Catherine's home particularly added to the illusion.

Janice Caudill was a perfect Elizabeth, delightfully mixing charm and "prejudice." George Sykes was splendid as the proud, handsome Mr. Darcy, who finally succeeded in over-coming his pride and Elizabeth's prejudice to win her hand. Fluttery Mrs. Bennett, so absorbed in getting her five daughters advantageously married, was superbly characterized by Jean Gault. Richard Ulrich was excellent as the slightly bewildered Mr. Bennett, who had become more or less resigned to the antics of his family. Marion Compton was beautiful as lovely, romantic Jane Bennett. Henry Lee Fox gave a grand performance as handsome, friendly Charles Bingley, who was very much in love with Jane. Nancy Knight was wonderful as proud, haughty Miss Bingley. Delores Glos and Harry Brown contributed greatly to the humor of the play with their memorable performances—Delores as Mary Bennett with the bobbing curls and decided walk; Harry as Mr. Collins, an excitable little man constantly waving his handkerchief and peering through his glasses. Philomene O'Brien and Jasmin Jenks were charming as the two youngest Bennett daughters, Lydia and Kitty, entranced by military uniforms.

The Annual Tuberculosis Seal Drive

Immediately after Thanksgiving the annual *Battle of the Sexes* began. The occasion of this struggle was the Tuberculosis Seal Drive, under the guidance of Miss Boies and Mr. Schneller. The daily results were shown on a huge poster in the main hall. Little runners represented the classes in the race to help humanity. This year saw the sophomore girls out in front at the finish, followed closely by the freshmen and junior girls. After two years of trying, the girls showed their superior salesmanship by out-selling the boys. When all the results were tallied, it was found that \$6034.65 worth of seals had been sold, more than 600,000 little squares of paper to help the fight against

the White Plague. This year was the most successful since 1927. Taking top honors was Whittier Davis, a junior, with \$80. Second was Shirley Freyer, a sophomore, with \$78. Below are those who sold more than \$25 worth of seals. It is not the large sales, but the hundreds of small ones that really count in the end.

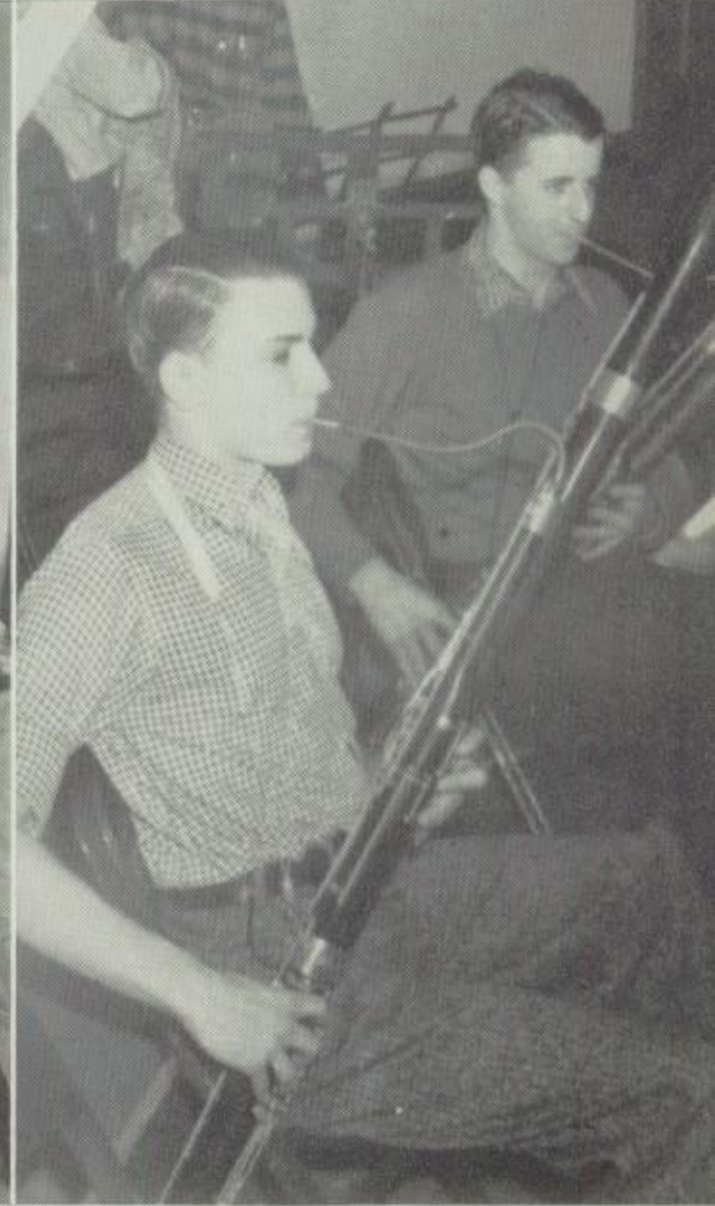

Mars, Nordhaus, Colianni, Jannisch tally up.

Gnaedinger, Wiedow, Stern, Vosburg, Toombs turn in results.

Star salesmen of the drive sell over \$25.

Mrs. Boynton, who trains many voices.

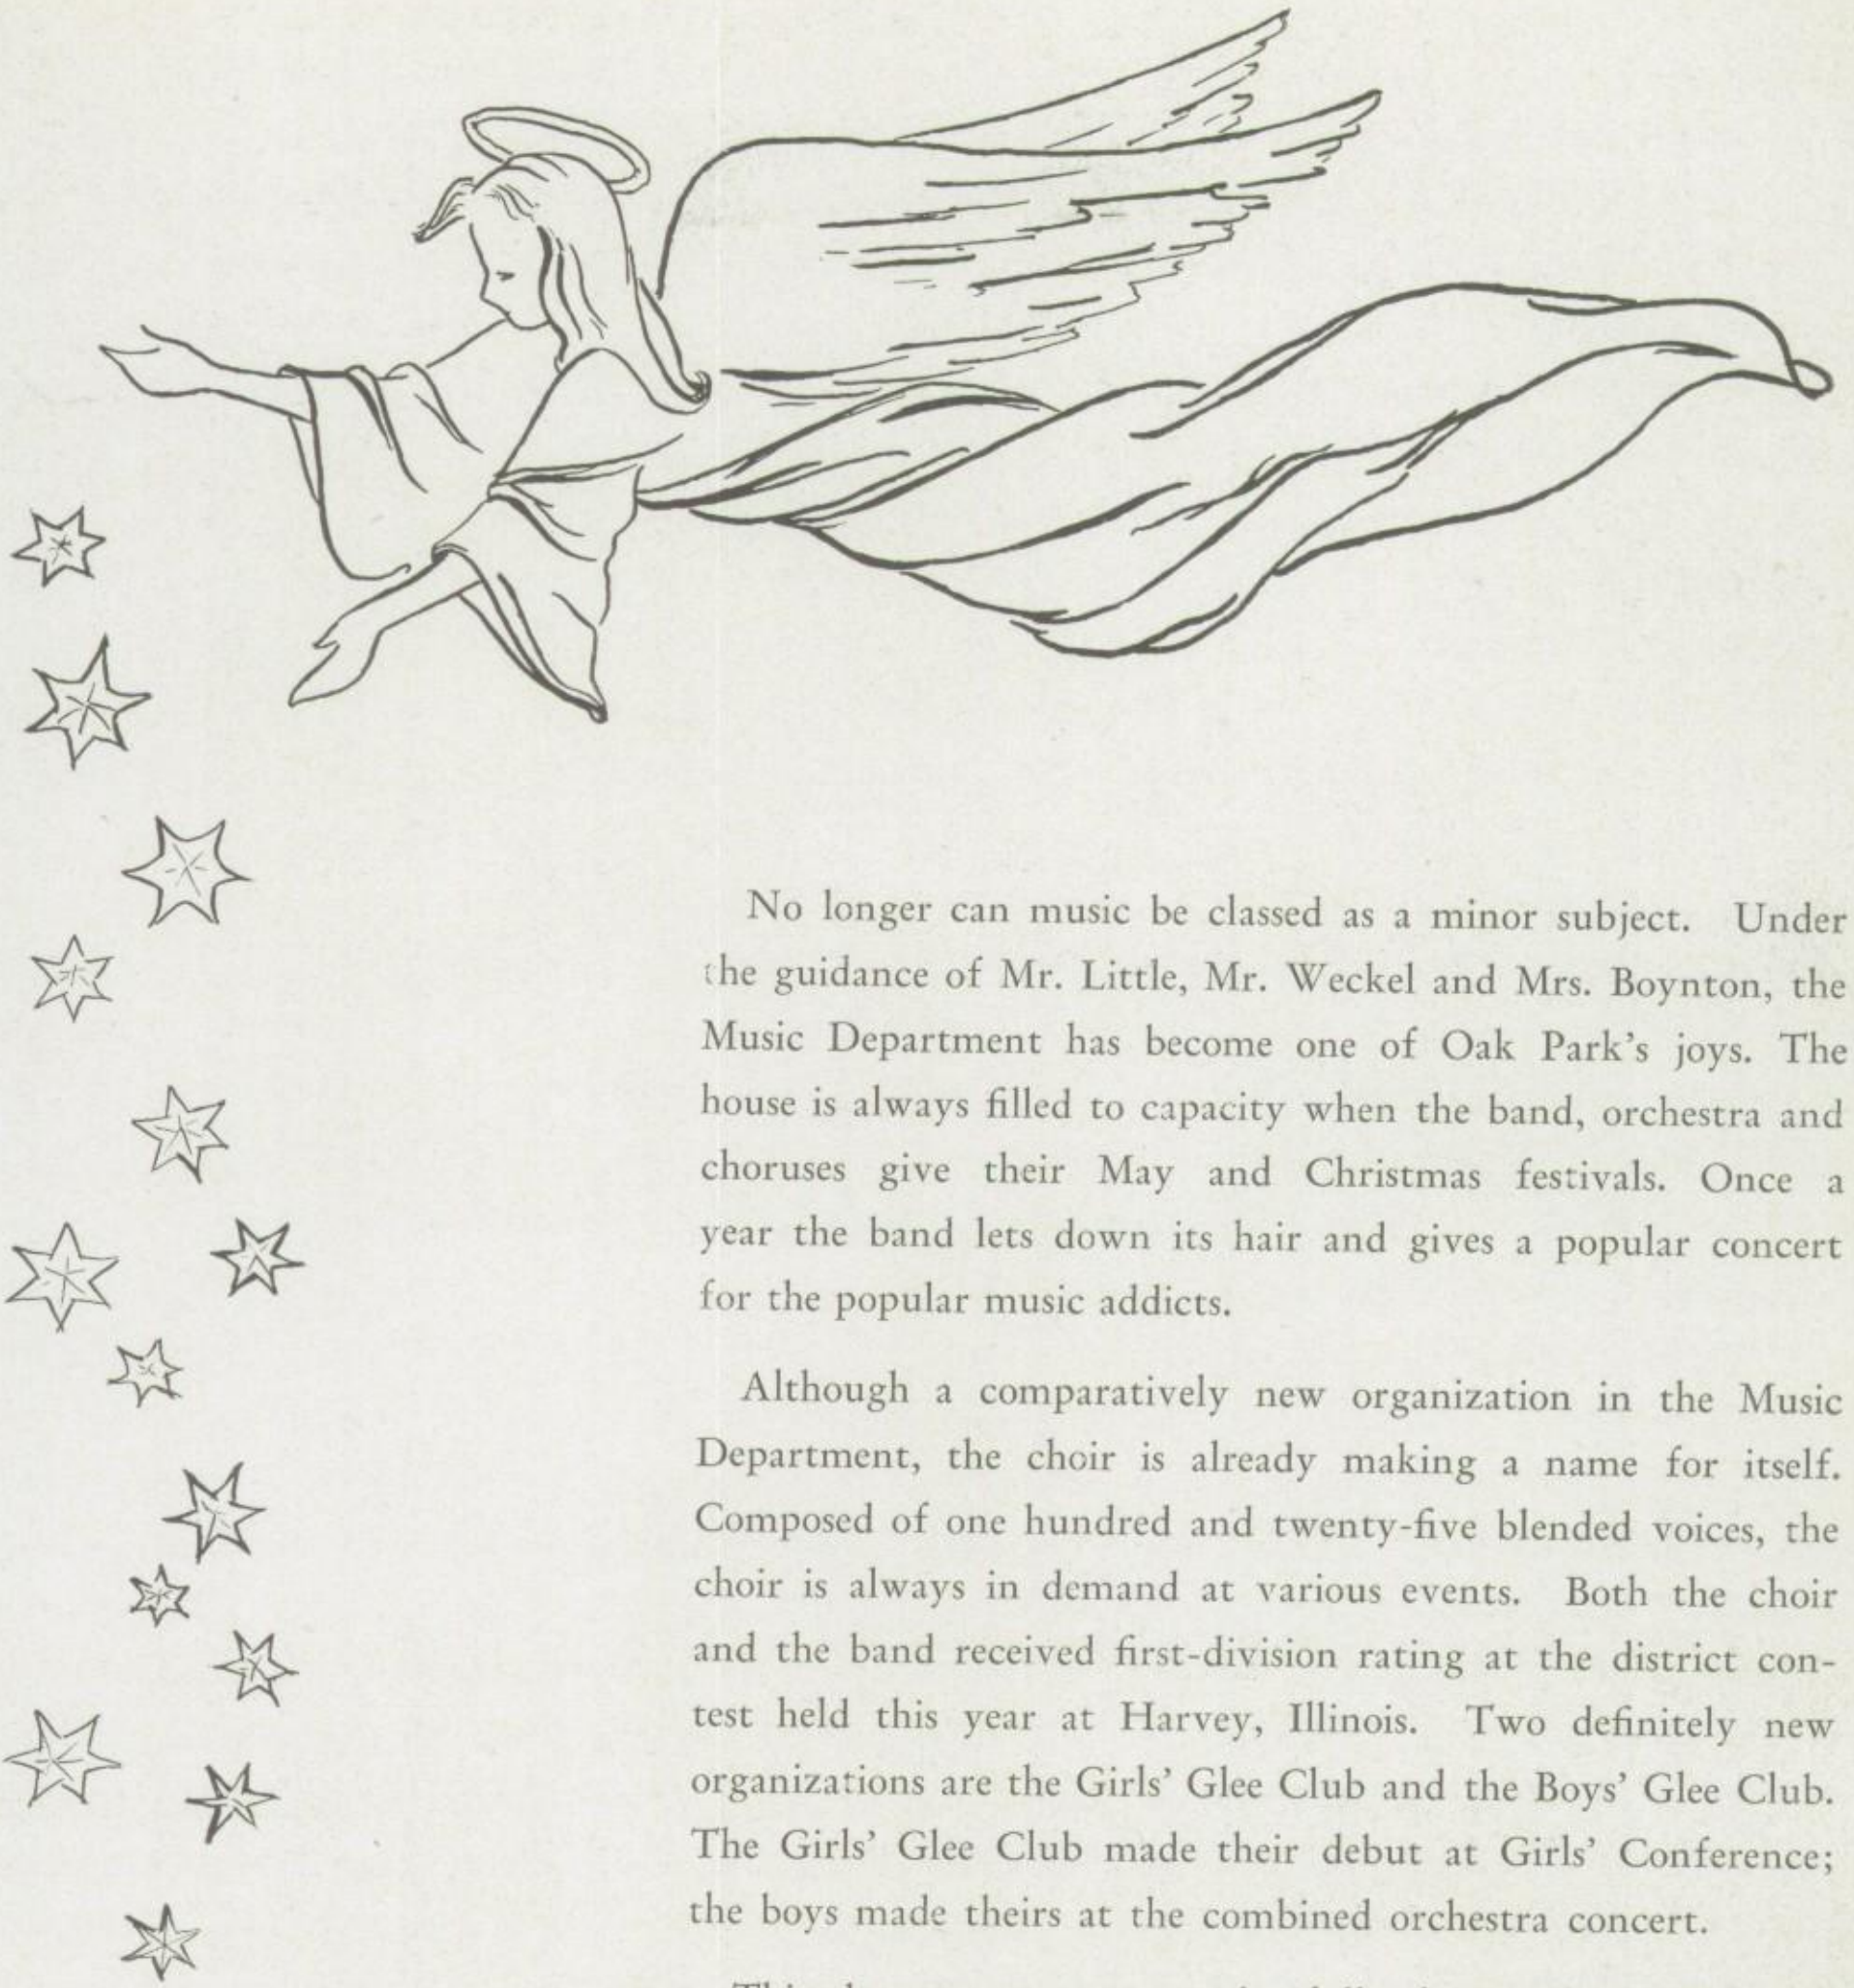

Junior-Senior Chorus and Concert Band

Freshman-Sophomore Chorus and Concert Orchestra

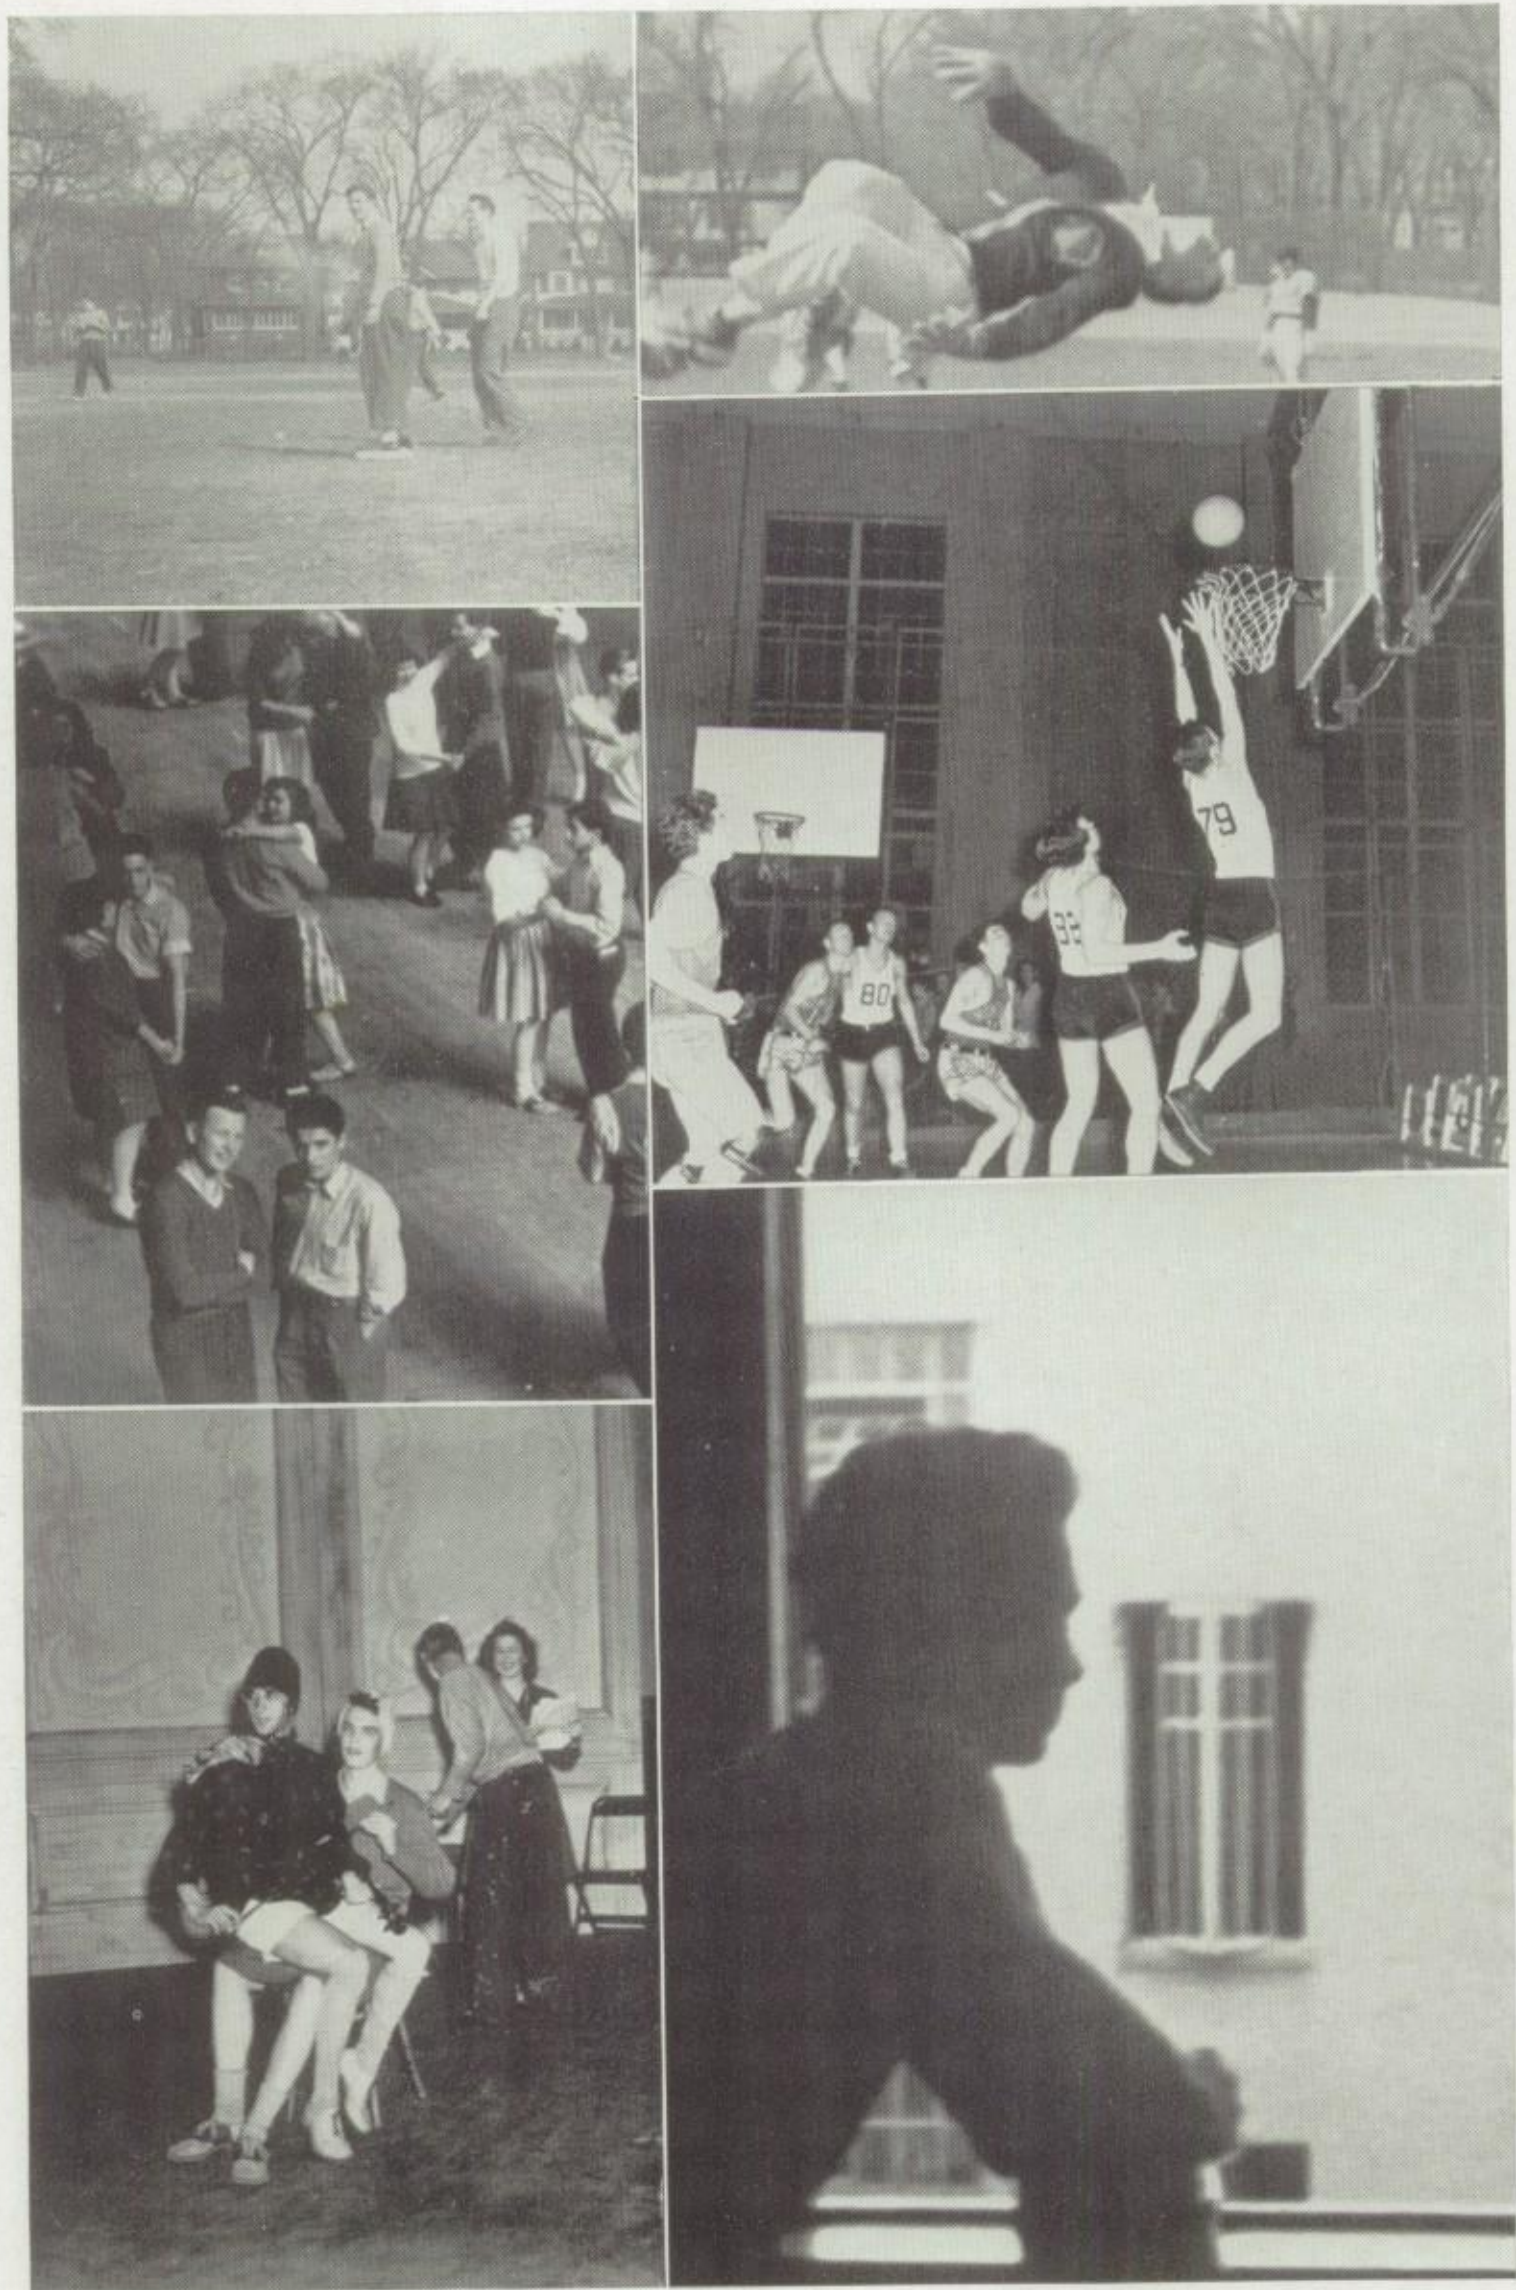

No longer can music be classed as a minor subject. Under the guidance of Mr. Little, Mr. Weckel and Mrs. Boynton, the Music Department has become one of Oak Park's joys. The house is always filled to capacity when the band, orchestra and choruses give their May and Christmas festivals. Once a year the band lets down its hair and gives a popular concert for the popular music addicts.

Although a comparatively new organization in the Music Department, the choir is already making a name for itself. Composed of one hundred and twenty-five blended voices, the choir is always in demand at various events. Both the choir and the band received first-division rating at the district contest held this year at Harvey, Illinois. Two definitely new organizations are the Girls' Glee Club and the Boys' Glee Club. The Girls' Glee Club made their debut at Girls' Conference; the boys made theirs at the combined orchestra concert.

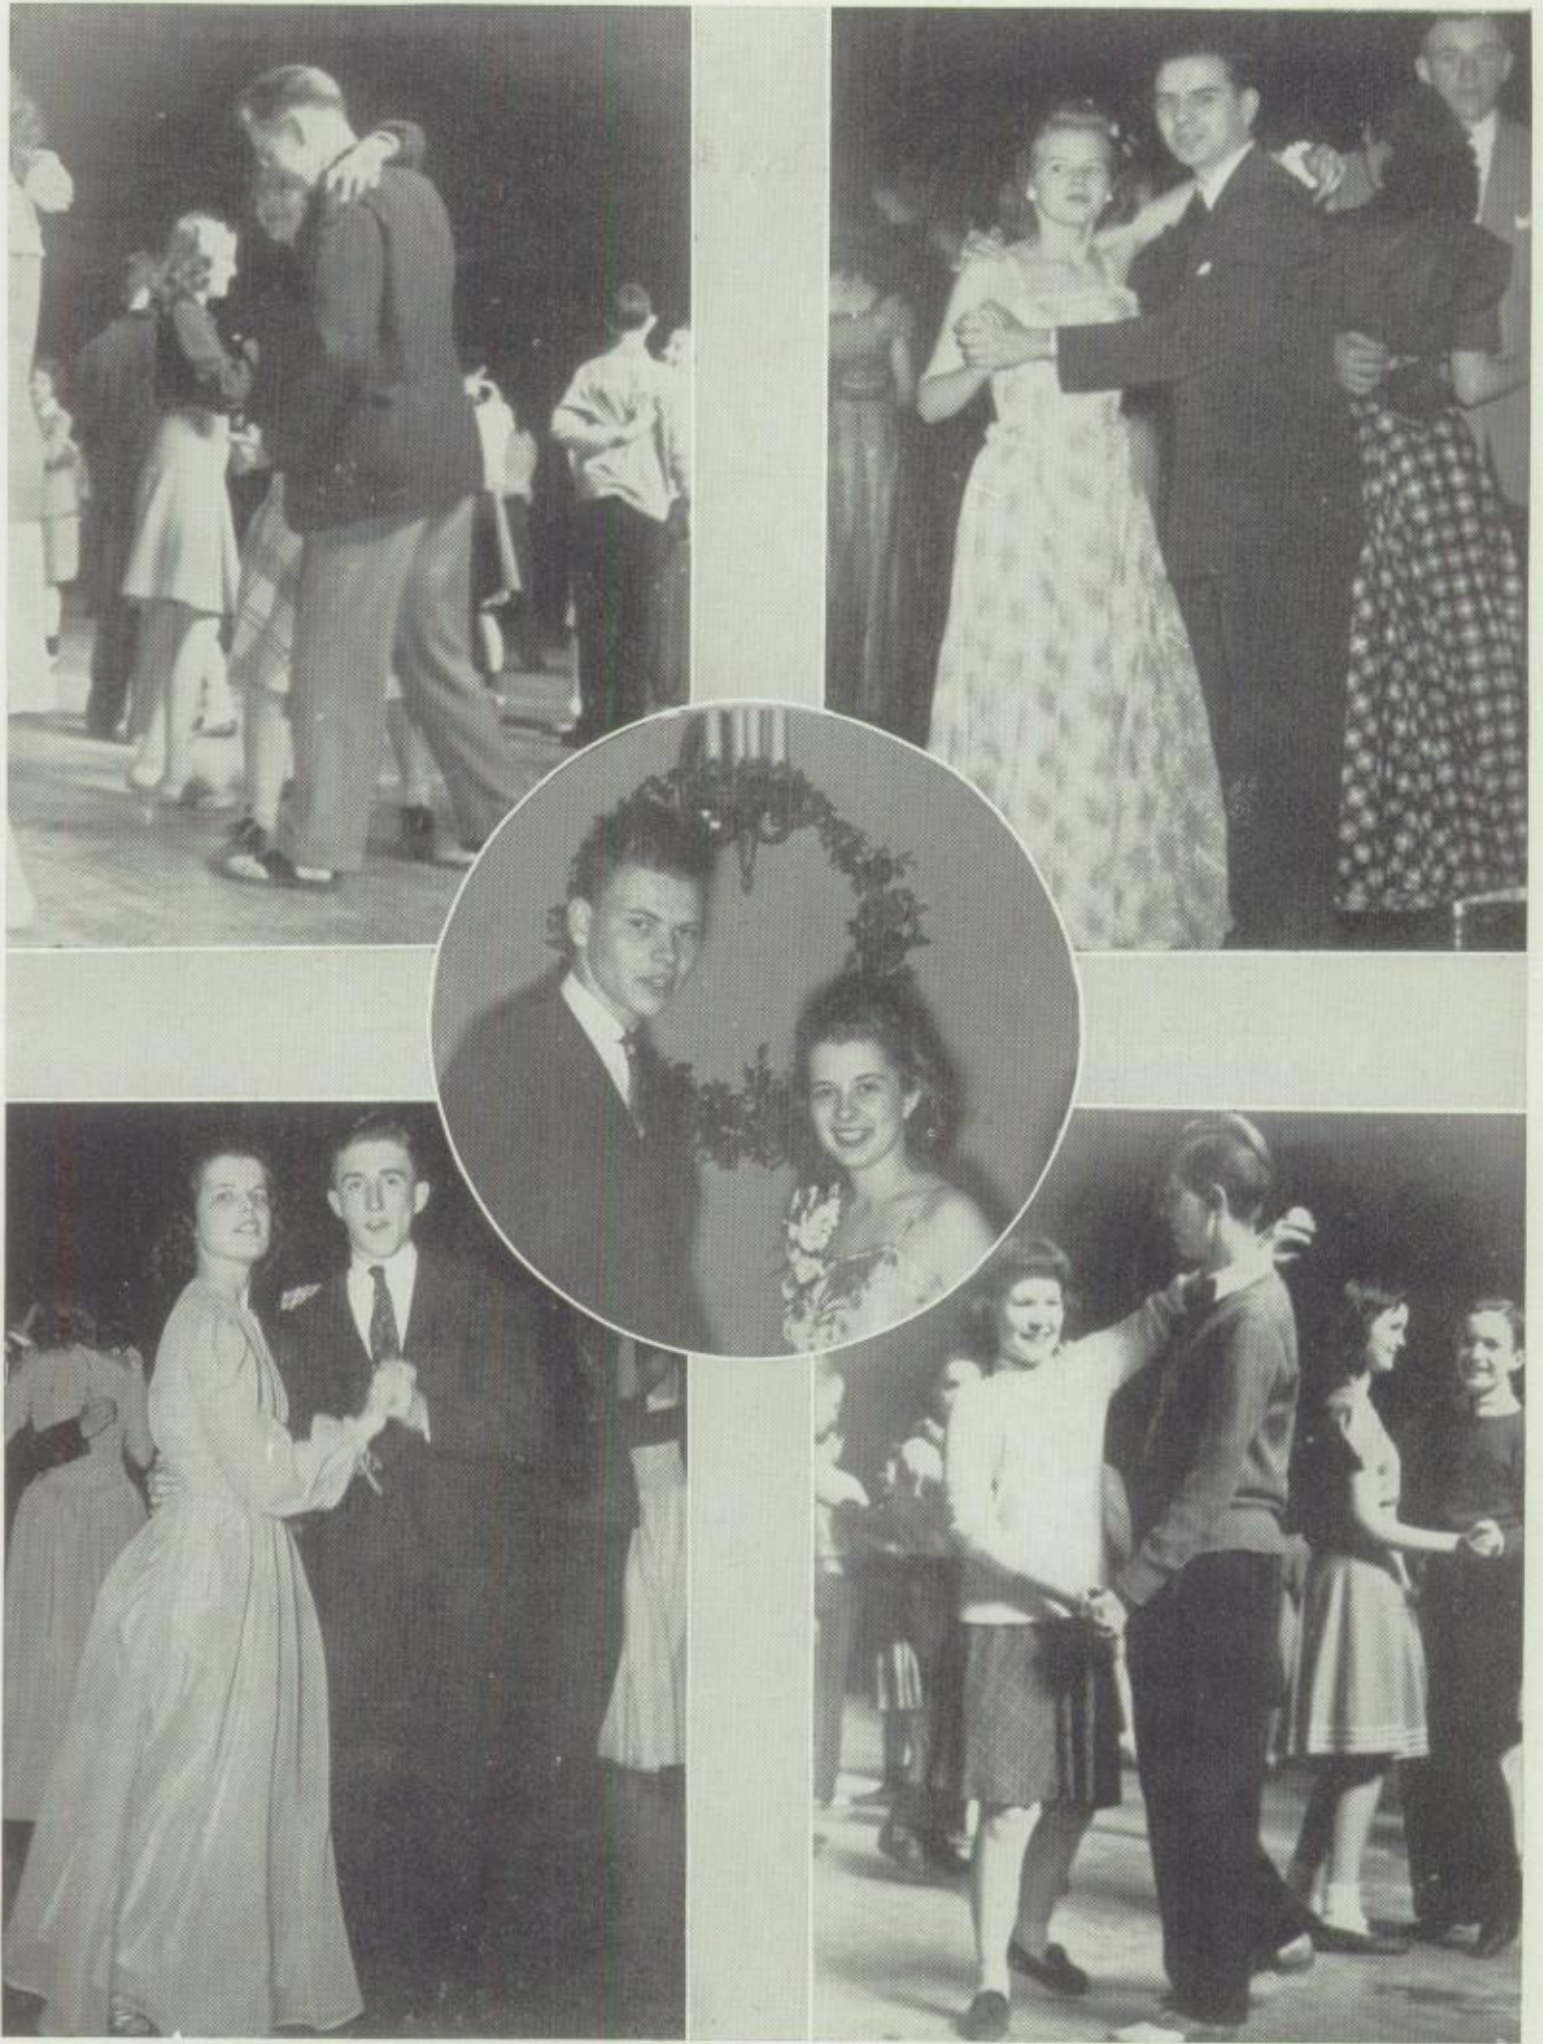

This department seems to be full of new things, for this year an experiment is being tried with an award system. For two years of service a member of the choir, orchestra, or band receives a bronze medal; for three, a silver one, and for four, a gold one. Because of the difficulty in obtaining metals, paper certificates will be given until the metals can be obtained.

Our music department is something to be proud of. No matter where its representatives perform, whether at football games, dramatic productions or graduation exercises, we may be sure of a fine showing.

STUDENTS AT OAK PARK FIND MANY FORMS OF RECREATION:

some play baseball—others basketball—while the cheerleaders lead the cheers; —boys and girls together dance,—and act,—while all look forward to the day of graduation.

The Junior Prom

The Junior Prom had as its theme the South Sea Islands. The decorations committee under Miss Hartmann and Mary Jo Williams supplied the atmosphere of flamingos, flowers, and palm trees. The sophomore girls kept things going at the punch stand and the sophomore boys were in charge of the checkroom. Those doing the honors in the receiving line were Miss Orcutt, Mr. Metcalf, Miss Hartmann, Mr. and Mrs. Youngert, Mr. and Mrs. Ketcham, Chuck Higgins, Marge Ulvestad, Stan Madson, Barbara Schultz, Mary Kellogg, Mike Ware, Jo Simpson, George Riehmer. The dance formally began with a grand march, the senior leaders being Herb Armstrong and Helen Corlett. Then everybody swung to the music of Jerry Mason's orchestra until the curfew rang.

IN THE GRANDSTAND AT EVERY FOOTBALL GAME:

young and old watch with tense faces—even Mr. Little gets hot!—the students watch happily as the team moves ahead, and excitedly as some player breaks into the clear—the band plays on.

OAK PARK

A STUDENT AT OAK PARK:

visits the office to straighten out transfers and programs . . . then sent on his merry way, he runs the gauntlet of teachers . . . and P.T.A. meetings . . . assemblies . . . cheers the team . . . and, oh, yes (?), takes a scholarship exam.

SECURITY

SOUND managerial policies and long, successful experience have provided us with sufficient equipment, adequate personnel, and ample resources to render dependable service as artists and makers of fine printing plates. That you will be secure from chance, is our first promise.

AFTER THE SUMMER VACATION IS OVER:

the girls return to school with their new hair-dos — and the boys whet their summer appetite at the lunch room——; they have just awakened from their long summer slumber—interrupted only by the strenuous physical exercise of an occasional game of horseshoes——; soon the rugged outdoor look is replaced by the alert expression of the drama student—and the faithful throngs cheering the team on to victory.

It is the policy of this Bank
to serve depositors in a distinctive, careful and courteous
manner; to keep in mind the individual requirements of
each and to leave nothing undone that will better protect
the customers' interest.

Those having financial matters to transact are cordially
invited to avail themselves of our facilities and equipment
for the safe handling of matters of this nature.

The Toloff Studios

who made the professional photographs in
this book wish to thank

The Faculty for their fine co-operation:

The Engravers for their excellent reproduction of our photographs, and all who have assisted so splendidly in the making of the High School Annual.

Our congratulations to the graduates, and we trust the association of this year may continue happily through the years ahead.

**YOUR LUNCH ROOM EXTENDS
HEARTIEST CONGRATULATIONS
TO THE GRADUATING SENIORS**

It has been our pleasure to serve your lunches and the refreshments for your clubs to you for these past four years.

We shall look forward to aiding the underclassmen in the same pleasant way during the rest of their high school career.

STUDENTS AT OAK PARK FIND MANY FORMS OF RECREATION: the boys play baseball,—the girls basketball—both dance,—and act,—but most important (and most common) is looking forward to the day of graduation.

EDITOR'S NOTE:

And now as we go to press, we find little extra bits from here and there. Rather than deprive you eager DOOPers of any of the products of our *Blood, Sweat and Tears*, the editors offer you *Corned Beef Hash à la Tabula*.

Each member of the cast gave a splendid performance and thus "Pride and Prej-lice" will join the long list of successful senior plays.

Back Row: Levey, Evans, Robinson, Schoessling, Hotchkiss, Ogdon, Gauer, Baughn.
Fourth Row: Farlinger, Carlyon, Goodwin, Schwartz, Iwert, Markman, Dry, Cannon, Dosch.
